

THE WEATHER.

Fair Thursday; Friday fair, warm
in the morning.

VOL. XXIII—NO. 39.

WILMINGTON, N. C., THURSDAY MORNING, NOVEMBER 6, 1913.

WHOLE NUMBER 13,474

TROOPS ARE ORDERED
TO MEXICAN FRONT

Washington Not Anticipating
Trouble But Is Pre-
pared for Mexico

CHESTER TO GULF WATERS

One Battleship Will be Ordered Re-
turned Upon Arrival of Smaller
Craft Off Vera Cruz—No
Move Made by France.

Washington, Nov. 5.—Waiting for
word from Provisional President Hu-
erta—this was the attitude of official
Washington tonight in the Mexican
situation.

Administration officials still refused
to shed any light on the last commu-
nication which conveyed to General Hu-
erta the desire of the United States
that he eliminate himself from the
tangled situation.

Their attitude was that to discuss
publicly the delicate phases of the
problem would defeat the ends being
sought.

The feeling in the National capital
is none the less one of tense interest,
especially as to what course will be
pursued if General Huerta declines to
abdicate. It was evident from those
who talked with President Wilson
about the situation today that he was
calmly awaiting developments.

He has told his friends that he
would continue to solve the situation
by peaceful means and would not be
disturbed by predictions of armed in-
tervention.

The belief is general here that the
situation is being worked out with ex-
treme secrecy in diplomatic channels
and that only when some tangible con-
clusion has been reached will there
be any official announcements. There
was no collective opinion in official
circles as to the probable nature of
Huerta's reply to the American rep-
resentatives. So far as could be learned
no intimations have been received
to indicate what this reply will be.

Nothing from France. The French
ambassador here, M. Jusserand, has
received no instructions from his
government to take any steps toward
mediation between the United States
and Mexico. There was no collective
opinion in official circles as to the
probable nature of Huerta's reply to
the American representatives.

The scout cruiser Chester at the
Philadelphia navy yard was ordered
today to prepare to sail for Vera Cruz
immediately. The Chester is not a
heavy fighting ship but swift and val-
uable for dispatch and scout duty. It
is lighter draft than the big warships
now at Vera Cruz, and will be able to
join the smaller craft inshore. The
Chester has the highest power wire-
less apparatus on the navy. It will be
able to maintain contact with the
United States fleet. The Chester is
being sent to Vera Cruz principally as
a means of instant and official com-
munication. Secretary Daniels ex-
plained that the dispatch of the Chester
was part of his plans to substitute cruisers
for the heavier battleships in Mexican
waters so that the latter might re-
sume practice. The change, he said,
would be made gradually as cruisers
were not available on the East coast
in any number.

Suited to Her Work. The Chester,
owing to her light draft is especially
adapted to service in the small harbor
at Vera Cruz and will be available
nearly necessary for service in the
protection of foreigners at Tam-
pico or other Mexican gulf ports which
cannot be closely approached by the
larger battleships. It is the announced
intention of the Navy Department
to order home one battleship upon the
Chester's arrival.

It will be necessary to pick enough
enlisted men from the battleship North
Dakota, at the New York navy yard
and elsewhere to bring the Chester's
crew up to the full complement. It is
expected that can be done in 24 hours.
As the Chester is one of the fastest
ships of the navy, having made more
than 26 and a half knots at her trial
trip, she should reach Vera Cruz by
next Monday evening or Tuesday
morning.

Secretary Daniels also announced
today that the armored cruiser Cali-
fornia, which was to have been re-
turned by the Pittsburgh, now on her way
to the West coast of Mexico from San
Diego, Cal., would be kept in Mexi-
can waters for the present. The
American naval force on the West
coast will include the California, Pitts-
burgh and Maryland, all armored
cruisers, the gun boat Annapolis and
the supply ship Glacier.

Begin Loading Chester. Philadelphia,
Nov. 5.—As soon as
orders were received at the navy yard
for the Chester to sail, the work of
loading her was begun. It was said
at the yard this afternoon that the
ship would take on board 1,400 tons
of coal, 2,000 rounds of 3-inch shells,
and 500 rounds of 5-inch shells, also
machine and field guns. The
Chester will have a crew of 550 men.

Troops to Texas. Nov. 5.—The
United States transport Kilpatrick
sailed from this port for New York
today to bring the Texas Cavalry
States Cavalry here. The regiment
will then proceed to El Paso for
border patrol, it is announced.

Orders Modified. Chicago, Nov. 5.—Orders for the
transfer of the 15th Cavalry from three
Northern points to El Paso were mod-
ified today so that the squadrons may
arrive at their destination on Novem-
ber 14th.

Ready for Field Service. Nogales, Ariz., Nov. 5.—Office
commanding United States troops at
border patrol here received orders to-
day to prepare equipment for field ser-
vice.

Railroad officials at division points
at Tucson also had requests for im-

CORRECT ELECTION FIGURES

Results En Masse from All Elections
Held Tuesday—View of the Bat-
tlegrounds After the Smoke
Has Blown Away.

Trenton, N. J., Nov. 5.—The re-
sults from yesterday's election in this
State, while not officially tabulated in-
dicate that James F. Fielder, Demo-
crat, will receive a plurality of at
least 33,000 over Edward C. Stokes,
Republican, in the Governorship race.

The Democrats also gained control
of both branches of the Legislature.
The State Senate will stand eleven
Democrats for Republicans and the
Assembly will be composed of 36
Democrats and 24 Republicans. This
will insure a Democratic majority of
the selection by the Legislature of a
Democratic comptroller. Everett Col-
by, Progressive candidate, is estimated
to have polled upwards of 40,000 votes.

Washington, Nov. 5.—President
Wilson made no official comment to-
day on the Democratic victories in
New Jersey, Massachusetts and Mary-
land but told friends he was much en-
couraged because in all three States
the tariff and currency were issues
and he felt that the administration's
policies had been upheld.

Secretary Bryan who campaigned
in Maryland and New Jersey, ex-
pressed satisfaction at the results. He
said yesterday's elections afforded the first
opportunity the country had had to ex-
press itself on an extensive scale
since the Presidential election, and
that the results could not be taken
otherwise than as an endorsement of
Wilson's policies.

Secretary Daniels said:
"As a rule the first elections after
the administration has come into power
are not so substantially and so over-
whelmingly an approval of the pol-
itics of the administration as were
yesterday's. In every State election
the vote shows that the administration
is in favor with the people and that
they trust the Democratic party to ful-
fill the promises of reform made last
November."

Murphy Game Loser. New York,
Nov. 5.—John Purroy
Mitchell, mayor-elect, said this after-
noon that he could not be too empha-
tic in saying that the National admin-
istration had had nothing to do with
his election.

"While President Wilson has been
very friendly to me, and I have no
doubt that he is pleased with the re-
sults," Mayor-elect Mitchell said, "I
am not connected with the National
administration took part in the city
campaign. If the President had taken
any part in the campaign, he would
have had the co-operation of the Re-
publican party."

"Mr. Murphy is a good loser," he ob-
served, "and he had no objection to
gratification from the Tammany leader.
Congratulate America.

London, Nov. 5.—The London
morning papers congratulate the
American people on the defeat of Tam-
many, which they consider gives hope
of a new birth of democracy in Amer-
ica and a higher standard of civic re-
sponsibility. They also note that it is
proof of renewed confidence in
President Wilson's administration.

The Graphic regards the result of
the elections, however, as a setback to
the National approval of President
Wilson's spirited Mexican policy which
Huerta would do well to take to heart.

Baltimore, Nov. 5.—Owing to the
long and cumbersome ballot returns
from yesterday's election in Maryland
still were incomplete tonight. The in-
dications, however, were that Blair
Lee, Democrat, was elected to the
United States Senate by a plurality of
about 50,000, and that the Democratic
State ticket would be nearly as well.

Whether the State Senate will be
three-fifths Democratic depends upon
the official count tomorrow in Wor-
cester county, the home of United
States Senator John Walter Smith.
Democratic State leader.

Unofficial returns from that county,
with one district missing, indicate the
election of the Democratic candidate for
State Senator, over his Democratic
opponent by about 75 votes. The rest
of the Democratic ticket was elected.

New York, Nov. 5.—Complete re-
turns from yesterday's municipal elec-
tion in which Tammany met such a
crushing defeat, showed today that
John Purroy Mitchell, fusion nomi-
nees Edward E. McCull, Tammany, by
121,209 votes. Charles Edward Rus-
sell, Socialist, polled a total of 72,109.
McCull ran behind his ticket in all
five boroughs.

Return from Boston. Boston, Mass., Nov. 5.—The ex-
tent of the Democratic landslide in
yesterday's State election was not fully
realized until after a recapitulation
of the figures today. Then it was found
that Lieutenant Governor David I.
Walsh had been elevated to the Gov-
ernorship in a four-cornered contest
by a plurality of 53,691. This is the
largest vote ever accorded a Demo-
cratic candidate for the office.

Complete returns gave the vote for
Governor as follows: David I. Walsh,
Democrat, 180,368; Charles S. Bird,
Progressive, 121,000; Augustus P.
Gardner, Republican, 116,314; Eugene
N. Ross, Independent, 20,815. The new
Governor carried with him into office
every Democratic candidate on the
State ticket.

The Republican grip on the Legis-
lature was weakened. That party af-
forded a control of years. The Senate
stands:

Republicans, 20; Democrats, 18;

Progressives, 117; Democrats, 103;

Progressives, 17; Independents, 2;

Democrats, 1.

Louisville, Ky., Nov. 5.—Revised re-
turns from yesterday's election in Ken-
tucky confirmed a decisive Democratic
victory. In the Louisville mayoralty
contest, John H. Buschmeyer, Demo-

(Continued on Page Eight.)

FINAL ARGUMENT
HARVESTER CASE

Attorney General McReynolds
Requests Time for
Re-Organization

CUT INTO SEPARATE UNITS

Figures Showing Business and Cap-
ital of Concern for the Past Ten
Years Are Read to the
Court—Monopoly.

St. Paul, Minn., Nov. 5.—Attorney
General McReynolds, concluding final
arguments for dissolution of the In-
ternational Harvester company be-
fore the United States District Court
this afternoon, asked that an inter-
locutory decree be entered by the
court declaring the Harvester con-
cern a monopoly in restraint of trade.
He requested that the defendants
have a reasonable time to submit a
proper plan of re-organization.

"It is the view of the government
that this company must be cut up
into separate and distinct units," the
attorney general said. "This must be
done in such a way that the stock-
holders of the different parts must be
distinct. We insist that it is an eco-
nomic impossibility for companies
owned by the same people to furnish
bona fide competition."

Mr. McReynolds condemned Cyrus
McCormick, whom he called the found-
er of the Harvester Trust because
Mr. McCormick had not appeared in
court. Figures from 1903 to 1912
showed the growth of the company.
Mr. McCormick reviewed the career
of the Harvester company from its
own ten years ago, pointing out
specific instances in which he said,
the law had been violated, furnish-
ing a basis for an order of dissolution
under the Sherman law.

"In 1903 the total business done by
the International Harvester Company
was \$53,000,000; in 1912 it had in-
creased to \$125,000,000; in the same
length of time, its capital had in-
creased from \$120,000,000 to \$163,000,000
and between 1903 and 1911, the latest
figures available, the assets of this
concern had increased from \$130,000,000
to \$223,000,000. These figures in
terse form tell the story of the rapid
growth of the power of this concern.

This expansion of the business of the
company, which was a monopoly, has
become absolute law to thousands and
thousands.

"When the McCormick, the Deering,
the Plank, the Champion, the
Milwaukee and the Osborne com-
panies entered this organization, this
monopoly automatically was born.
Existing companies were wiped out.
The International Harvester in its
first year had the following percentages
of the Nation's business in the
various lines: 98 per cent of the bind-
ers; 95 per cent of the corn binders;
92 per cent of the mowers; 85 per
cent of the rakes, and 40 per cent of
the twines.

"And there is nothing in the evi-
dence to show that this situation has
changed in ten years. Of course,
there has been some competition.

Same Old Story. "We got that story in the tobacco
case and in numerous other trust cas-
es. But the facts stated on that point
have more than 80 per cent of the
great harvesting companies of the
country under one company.

"No man who looks on that picture
can fail to see that this concern has
the absolute power to fix prices. Of
course there existed no desire to get
100 per cent of the business. A cer-
tain amount of supply of goods was
done public sentiment and helps in
other ways.

"Intent is wholly immaterial. Philan-
thropists and others cannot be pleased
as justification for the result. When
these defendants purposely entered
into this organization into this con-
spiracy, they laid themselves liable
to be charged with guilt for the re-
sult."

John P. Wilson, during his summing
up for the defense predicted a price
war among harvester manufacturing
firms.

"Whether this plea is granted or
not," said Mr. Wilson, "there will be
in the next few years competition in
these lines such as the world has
never seen. A war is now on, not
only in agricultural implements but
in harvester lines, which is going to
be the fiercest ever known."

Edgar A. Bancroft, of Chicago, gen-
eral counsel for the Harvester con-
cern, in his closing appeal said the
evidence disproved nearly every as-
sertion of guilt made by the govern-
ment.

"I desire to impress upon the court,"
the attorney said, "that at the be-
ginning there existed great rivalry
between these five division manag-
ers. And doubtless, these managers, for a
short time did business as it had been
done for years in the harvesting and
machinery lines. It is to this period
that nearly all the government's let-
ters and other exhibits refer.

"Those conditions were not creat-
ed but were ameliorated by the In-
ternational Harvester Company, instead
of being made worse."

Charles E. W. Va., Nov. 5.—Governor
Hathfield left Charleston tonight for
Moundsville, where on Thursday he
will personally investigate the recent
charges of cruelty to inmates of the
State penitentiary. He is accompanied
by Dr. J. E. Robinson, a member of
the State Board of Health.

SUFFRAGETTES AT IT AGAIN

Michigan Girl Who Threw in Her Lot
With British Women Was Hurt
in Battle With Police—
Escapes Arrest.

London, Nov. 5.—By a clever strat-
agem which completely hoodwinked
the large force of police sent to pre-
vent her from speaking, Miss Sylvia
Pankhurst was enabled to announce
at the Bow Baths, in the East End of
London, tonight the formation of a
volunteer corps organized under com-
mand of Cap. Sir Francis Vane, a
Boer War veteran, for the protection
of militant suffragettes and labor uni-
onists.

Miss Zelle Emerson, of Jackson,
Mich., presided over the gathering.
Just as the meeting was called to or-
der the statement was made that the
meeting was to be held at the Bow
Baths, in the East End of London.
The crowd rushed from the Baths and
found a large number of foot and
mounted police around Lansbury's
house.

The lights in the house were extin-
guished and suddenly a woman rushed
from the doorway and sprang into a
waiting taxicab, which surrounded
by mounted police, proceeded to Beth-
nal Green. The woman, Miss Lan-
sbury, daughter of the ex-socialist
member, stepped out, much to the
discomfiture of the police.

Meanwhile Miss Pankhurst entered
the baths practically unobserved. The
only disorder was caused by an attack
by the women on a few reporters
who they suspected of being spies.
Miss Lansbury and Sir Francis Vane
followed Miss Pankhurst to the plat-
form. The Boer veteran announced
that he proposed to establish a vol-
unteer corps, having about a huge
knotted club, Sir Francis said he
was prepared to use that weapon
whenever he saw women injured and
in labor disputes.

The general staff of the organiza-
tion will be drawn from officers who
have seen war. Both men and women
are eligible for the ranks. Miss
Pankhurst said the plan was
based on the Ulster model and she
expected the same immunity from
specific instances in which she said,
the law had been violated, furnish-
ing a basis for an order of dissolution
under the Sherman law.

When Miss Pankhurst left the
stage she was surrounded by a body
guard of East Enders and made her
escape after a lively battle with the
police, who drew their clubs. The
British suffragette, Miss Sylvia Pan-
khurst, who was knocked down and
escapes being carried away by
sympathizers.

MYSTERY AT SEA. Crew Abandoned Craft for No Appar-
ent Reason. New Bedford, Mass., Nov. 5.—The
faded yellow pages of the log books
of the schooner Annie M. Parker, which
to record a mystery of the sea more
baffling than that presented today
when the revenue cutter Gresham
found the schooner, which was found
abandoned at sea some 40 years ago.

NEW FEATURE HAS
BEEN BROUGHT OUT

The Committee on Currency
Brings in Another Plan,
Like Central Bank.

SENATOR OWEN AGITATED

He Will Undertake to Show That the
Regional Banks Will be Hamper-
ed and Restricted if Plan
Prevails—No Caucus.

Washington, Nov. 5.—An entirely
new feature was tentatively written
into the administration bill today
by the Senate Committee, after a full day
of heated wrangle. The new plan was
characterized by Chairman Owen,
chief administration supporter in the
committee, as "equivalent to a central
bank." He said that the committee
adjoined with the matter "up in the
air."

The new scheme would provide for
the centralization of one-half of the
reserves to be held by the regional
banks. This proportion would be plac-
ed under the complete control of the
Federal reserve board and would be
located in Washington to be adminis-
tered for the aid and convenience of
the entire banking system. As final-
ly voted upon the proposition was a
modification of a plan proposed by
Senator Reed, of Missouri, who sug-
gested it as a means of composing the
wide differences among members of
the committee. Senator Reed and Sen-
ator Hitchcock joined with the Repub-
licans in voting for the plan, which
was opposed by Senators Owen, Pom-
orene, Hollis, O'Gorman and Sha-
roth.

Owen Agitated. Senator Owen was plainly agitated
over the progress of affairs in the
committee today. After the vote on
the Reed proposal, he declared that if
the day to day the plan would not work.
It was arranged that he should make
an argument on the point tomorrow.
This plan would deplete the re-
serves of the various regional banks
to a degree which the supporters of
the scheme had not thought of," said
Senator Owen. "I will undertake to
show that the regional banks would
be hampered and restricted in their
rediscout operation if this plan pre-
vails."

After the vote on the Reed amend-
ment, the administration forces en-
deavored to put through the adminis-
tration plan for bank control and own-
ership of the various regional banks.
The plan would be a complete down-
fall of the regional banks, but the
plan will be taken up again tomorrow.

Talk of a possible Democratic ca-
ucus to consider the progress being
made by the committee, which Sen-
ator Owen, tonight and discussed the
situation following today's vote by
the committee, and some action on
the part of the various House and Sen-
ate leaders was expected.

President Wilson sent for Senator
Weeks, of Massachusetts, Republican
member of the Banking and Currency
committee, tonight and discussed the
situation with him for an hour.

The Senator declined to talk of his
visit, but it is understood he has a
compromise plan in which Senator
Hollis, of Georgia, is said to
have been endeavoring to interest
many Democrats and which would re-
tain most of the features of the House
committee, tonight and discussed the
situation with him for an hour.

tain most of the features of the House
committee, tonight and discussed the
situation with him for an hour.

The Senator declined to talk of his
visit, but it is understood

Warren in charge; on the Chocowiny road Col. H. G. Bragaw, while on the Washington Park road, Hon. J. H. Small has promised to be present and take a prominent part in the work.

Over in Craven.
Newbern, N. C., Nov. 5.—When Governor Craig set aside November 6th and 7th as "Good Roads Days," a large number of the citizens of Craven county made up their minds to assist in the work of repairing the roads of the county and this morning many of them shouldered a shovel and got busy. Yesterday Mayor Albert H. Bangert, Newbern's new chief executive, issued a proclamation urging the citizens to assist in this great work on Wednesday and Thursday and his request has been met by many. R. E. Snowden, supervisor of the county roads, has gone to the lower section of the county and is himself spending two days working a shovel.

Down in Township No. 7. Near Thurman, the citizens are working on the Central Highway and they expect to get a section of this in much better shape than it has been for some time. This work will be continued through tomorrow as it will in other parts of the county.

In Old Columbus.
Lake Waccamaw, N. C., Nov. 5.—This section of Columbus county was not behind today in a proper observance of Good Roads Day. Headed by that popular evangel of good highways, Mr. Kinch Council, the people turned out in goodly numbers and put in a full 10 hours on the highways in the village, opening new streets and improving others that were already opened. The ladies joined heartily into the movement and in addition to serving a bountiful dinner to the workers, they put in some effective work in cleaning up and otherwise improving yards and lawns. If the rest of the State did as effective work as did Waccamaw township, the "country is safe." And the work does not end with today. The full pursuance of the spirit of the Governor's proclamation the work will go right on tomorrow.

LIQUOR CASE DECIDED.

Vance County Man Who Bought It for Friends—Supreme Court.

Raleigh, N. C., Nov. 5.—The Supreme Court makes a ruling of special interest in State vs. Zip Wilkinson, from Vance county, as to the application of the North Carolina "Search and Seizure" act. Wilkinson was convicted at Henderson under "search and seizure" for having 11 1/2 gallons of whiskey in his possession when he showed that he had purchased a point in Virginia and purchased it for ten other parties and an extra gallon for himself. His agreement with the other ten was that they give him each two gallons of whiskey for an extra 50 cents for hauling it back to Henderson. He kept a wagon and a buggy for hauling and had the whiskey in the buggy when it was seized near Henderson. The trial judge had charged the jury that under this state of facts Wilkinson was guilty under the search and seizure law. On appeal the prosecution argued that if he was not guilty under search and seizure he was guilty under the "club act" of 1911.

The Supreme Court holds that he was not guilty under the search and seizure and that he was not on trial for any violation of the "club act." A new trial is ordered. Judge Clark dissents from the opinion of the court which is written by Judge Walker. The chief justice asserts in his dissent that to small that is the State prohibition act and the subsequent acts of the Legislature and of Congress to cure defects that the courts have revealed, if such a case as this escapes the condemnation of the law and that it seems that the legislators and Congressmen are still unable to use language to express their meaning effectively when this language is to be subjected to critical eye of the courts.

In another case decided the death sentence of Walter Shelton, in Rockingham county, for the killing of his wife because she refused to return to live with him is affirmed. In still another, State vs. Fogleman, from Guilford, the conviction for second degree murder in killing W. H. Turce, in Greensboro, is affirmed.

The Supreme Court affirms the lower court in W. T. Mott vs. Atlantic Coast Line, from Columbus, in which Mott secured judgment of damages for being put off the train three miles beyond Whiteville in traveling on a ticket from Whiteville to Cerro Gordo which the conductor had purchased. He had traveled from Wilmington to Farmers' on another ticket and was carried by Farmers' asleep and refused to pay fare. Farmers to Whiteville. The conductor claimed the Whiteville-Cerro Gordo ticket for the back fare.

The full list of opinions follows: State vs. Wilkinson, Vance, new trial; Herring vs. Lumber Co., Guilford, affirmed; Powell vs. Strickland, Franklin, no error; Mott vs. Railroad, Columbus, no error; State vs. Shelton, Rockingham, no error; State vs. Spear, Forsyth, reversed; School Commissioners vs. Board of Education, Forsyth, affirmed; State vs. Fogleman, Guilford, no error; Latham vs. Fields, Guilford, new trial; Barnes vs. North Carolina Public Service Co., Guilford, affirmed; Page vs. Sprunt, New Hanover, affirmed.

TRINITY WANTS FOOTBALL.

Noisy Demonstration in Durham Last Night Over College Affairs.

Durham, N. C., Nov. 5.—Following a mass meeting in the interest of football tonight, 400 Trinity students paraded the streets of the university district in single file led by torch bearers and yelled for football. More enthusiasm was shown than ever exhibited here. Dean Crawford appeared before a bunch of students congregating for the parade and ordered the crowd to disperse. "Every man of you who does not wish to willingly disobey orders and who will be treated accordingly, go to your room," he commanded. The crowd dispersed, but later practically every man in college got together and marched like mad men up town, on the postoffice steps, the cheer leaders took a stand and the city resounded with the clamor. Some one suggested an interview with Mr. Ben Duke. The mob headed for his mansion and demanded his sentiments. Mr. Duke was in bed and would not come downstairs. Miss Mary Duke, however, came out with a personal message: "Everybody in this house," she said, "is for football all the time." The students kept calling on Mr. Duke and he sent down a message: "I have nothing to do with the running of college affairs, but personally I am not against football."

Resolutions have been drawn up and will be signed by all the Varsity that there will be no more athletics at Trinity, neither class nor inter-collegiate games, until the authorities accede to the demands for class football.

As a special feature of the Tuberculosis Day campaign, December 7th, the National Association for the Study and Prevention of Tuberculosis will urge clergymen in all parts of the United States to denounce fake consumption cures from their pulpits.

..Theatrical..

"The Trail of the Lonesome Pine" with Isabelle Lowe in the leading role, will be at the Academy of Music next Monday for matinee and night, seats going on sale for both performances tomorrow morning at J. Hicks Bunting's drug store.

A Southern romantic play of great power and charm, by Eugene Walter, from the book of the same name by John Fox, Jr., the author of "The Little Shepherd of Kingdom Come," the production has been rendered most vivid in motion and color by a gorgeous scenic embellishment to catch and reproduce the spirit of Mr. Fox's great story, and of Eugene Walter's equally great dramatization. Wholly out of the common it is a play that, for the first time in the history of dramatic art, reproduces scenically and in the spoken play, the very spirit and atmosphere of the people and scenes of one of the most romantic spots in the United States, the interior of the westernmost range of Appalachian mountains.

Mr. Walter has vividly impressed the charm of June's romantic love for Hale in a graphic, dramatic and picturesque manner. He has taken the love story and presented it with vividness, sympathy and enthusiasm, and his conception is at once felicitous and novel, and the execution is in every way worthy of the conception, for every scene has a distinct and individual charm, full of feeling and beautiful imagery.

Five films today at the cozy, handsome Grand. In numbers and in merit this will be more than sufficient to please every one. The swell show will be headed by Essanay's "The Belle of Siskiyou," which is a vivid and highly dramatic tale of "Black Moody" and a pretty girl maid. It is just what you will fascinate all and grip the heart tightly.

The Biograph has a rib-tickler on today in "Dyed, But Not Dead." It is a story of "kicks" and it is highly amusing, being a continuous laugh for the beholders. "With the Aid of Phrenology" is another fun film for today. Henry is always boomed around by his wife until he discovers that his bump of bravery is lacking. Then there is a turn that is a howl for laughs.

Path has an especially interesting film offering for today in "Fish With Storage Battery in Its Brain." It is a film of the noted Electric Ray and is a story of a fish which is unusually interesting. There is still another fine photo-play on today in "The Pearl of the Bosphorus, Constantinople," and it is as pretty as it is of interest.

Feature at Bijou.
The Bijou scored brilliantly before tremendous sized audiences yesterday with a great bill, headed by a special Warner feature. Today it will again score heavily, as its show today will be led by another notable special release film, in two big parts, "The Kalem's 'A Midnight Message,'" and in which charming Alice Joyce and dashing Henry Hallam will play the leading roles. It is the story of an old widower who marries a young girl. The difference in their ages makes their lives unsuited and the widower, without cause, grows jealous of his young wife. The tragic complications that ensue are stirring dramatic. In the role of the young wife Miss Joyce does superb acting.

Besides this special release there are two other films, making four in all for today. The other two are comedies of the rarest and richest nature. Lubin "His Reward" is a great laugh producer telling of an old maid who is after a husband. The tricks she attempts are screams for laughter. It is a great fun novelty. Another mirth feast is "Her Present," setting forth how Jack saves the day with a package of safety pins.

It is ever cozy and comfortable at the Bijou and the price is never raised from the 5-cent mark.

Vaudeville Bill Today.

A change of programme in the vaudeville bill at the Academy of Music will take place today. There will be two new acts. The "Country Store" tomorrow night in addition to the vaudeville bill promises to be a most interesting event. The admission will remain the same tomorrow night.

CONCERT AT BOYS' BRIGADE.

Ridelhoffer-Galley Concert Co. Pleases Large Audience Last Night.

Before an audience which filled every available seat in their handsome auditorium, the opening number in the Lyceum Course provided by the Boys' Brigade was given last evening in the appearance of the Grace Hall Ridelhoffer-Galley Concert Co. The programme was composed almost entirely of the classics and only once did the artists descend to the popular and then for but a few minutes. Mme. Grace Hall Ridelhoffer, soprano; Miss Galley, violinist, and Miss Askew, pianist and accompanist, were the artists and their numbers were received with appreciation at each appearance.

Mme. Ridelhoffer possesses a soprano of superb range (from G to C), highly cultivated and under splendid control. There was, however, lacking depth of feeling and soul which appeals to the true music lover and serves to impress the listener with that added charm so essential to complete captivation of the audience. This was particularly noticeable in the middle and upper register and just approaching in the lower. There was also slight evidence of vocal affection

CROUP RELIEVED IN FIFTEEN MINUTES

No need to dose delicate little stomachs with internal medicines—apply VICK'S CROUP AND SALVE. Well on the chest. In five minutes the breathing is easier and in fifteen minutes the worst cases are relieved. Croup can be prevented absolutely by an application of Vick's at bedtime covered with warm flannel. Absolutely harmless. Samples on request. At all druggists, 25c, 50c and \$1.00. Vick Chemical Co., Greensboro, N. C.

to which this may be traceable. The overtones and shading left nothing to be desired.

As a violinist Miss Galley is superb. Handling the king of instruments in masterful style, her crescendos, diminuendos, double stoppings, runs and trills were that of an artist.

Miss Askew, both as soloist and accompanist, was a real treat. Her execution, phrasing, attack and pedaling gave evidence of thorough understanding and appreciation of her part in making the evening a success.

It is regrettable that the Alkaleph bureau, which had the booking of this entire course, did not see fit to provide programmes without which a perfect feeling of accord between both artist and auditor can hardly exist. It may be all right to have the numbers announced, but when from one cause or another the number is lost to the listener there is that lack of interest which should not be and would have been obviated by a little foresight on the part of the bureau. For this reason the seeming commission of an error of omission must be traced as this writer is unwilling to write of something not perfectly understood and hence being the innocent cause of displaying ignorance. This may or may not have been the cause of slight applause which is not usually the case with our audiences. It is to be hoped the management will endeavor to rectify this before the next entertainment which we are assured will be done.

COUNTY AUDITOR'S REPORT.

Receipts and Disbursements for New Hanover During October.

County Auditor J. A. Orrell has completed his report of the receipts and disbursements for the month of October. At the beginning of October the total amount overdrawn was \$2,765.69. The total collections were \$26,900.65 and the total disbursements, \$28,717.35.

General Fund—Amount overdrawn at beginning of month, \$6,171.93; receipts, \$23,207.05; total expenditures, \$9,262.51; balance at close of month, \$8,772.56.

Hospital Fund—Amount overdrawn at beginning of month, \$342.38; disbursements, \$750; amount overdrawn at close of month, \$1,097.38.

Road Fund—Amount overdrawn at beginning of month, \$8,834.93; receipts, \$58.90; disbursements, \$3,252.28; amount overdrawn at close of month, \$12,028.31.

Road Fund—Balance at beginning of month, \$12,491.23; receipts, \$122.08; disbursements, \$90; balance on hand at close of month, \$12,523.31. Special Bridge Fund—Amount overdrawn at beginning of month, \$436.15; disbursements, \$12,020.20; amount overdrawn at close of month, \$12,456.35. Court House Fund—Amount overdrawn at beginning of month, \$245; no disbursements.

Salary Fund—Amount overdrawn at

beginning of month, \$1,484.31; receipts, \$2,500; disbursements, \$12,365; overdrawing at close of month, \$326.67.

Township Road Fund—Amount on hand at beginning of month, \$1,262.83; receipts, \$12.62; no expenditures.

MR. JOHN F. PUGH DEAD.

Former Esteemed Wilmingtonian Died Suddenly in Canada.

Many Wilmington friends will hear with much sorrow of the death of Mr. John F. Pugh, of New York, formerly an esteemed resident of Wilmington, well and favorably known here, which occurred yesterday morning suddenly at Hamilton, Canada.

For many years Mr. Pugh resided in Wilmington and is well known by many of the residents here about 20 years ago. He came originally from Clinton, N. C., and was in the dry goods business, being one of the most genial and kindly men and making a host of friends who will hear with exceeding regret of his passing. In late years he had resided in New York and with a brother, also residing there, and traveled extensively the larger cities of the United States in some commercial enterprise in which he was engaged. He was 58 years of age and is survived by his wife, who was a Miss Dunham, afterwards, Mrs. Jewett, of Wilmington. He is also survived by one step-daughter, Mrs. Wm. Harrison, of Asheville; a sister, Mrs. Lamb, and a brother at Clinton, N. C. The bereaved ones have the sympathy of a host of friends in Wilmington and throughout the State.

The body of Mr. Pugh will be brought to Wilmington Friday morning and the funeral will be conducted from the residence of Dr. Thos. M. Green, No. 310 Chestnut street, at an hour to be named later.

THE RECORDER'S COURT.

William Brown, Colored, Sent to the Roads for Three Months—Appeals.

The Recorder departed from his usual custom yesterday of entering a fine of \$25 and the costs for carrying a concealed weapon, and gave William Brown, colored, three months on the county roads for this offense. Brown appealed to Superior Court, and in default of bond in the sum of \$100 went to jail. Willie Shaw, colored, was charged with assault with a deadly weapon. His accuser, Emma Kostelous, said that he drew his knife on him when they had a dispute about some matter. He was acquitted of the charge.

The Recorder announced his decision in several cases which were held open from Tuesday's court. Mr. J. D. Sidbury was found not guilty of a charge of assault with a deadly weapon. Judgment was suspended upon payment of the costs in a case charging him with disorderly conduct. Judgment was suspended upon payment of the costs in two cases against Charlie Walker, colored, one for being drunk and disorderly and the other for firing

The Cigarette of Quality.

The Piedmont you smoke today is just like the one you smoked yesterday—last year—or ten years ago.

The same choice, high-grade tobacco—mild, rich and satisfying.

NO AUTHORITY FOR A LOAN

The Confederate Home at Fayetteville Must Wait—Editor Edmonds in Raleigh—Commissioners Stand by Guard.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 5.—That there is not the least bit of authority for the Council of State to authorize the borrowing of the \$100,000 appropriation by the Legislature for the North Carolina Home for Widows and Orphans of Confederate Veterans that was not provided for on the general bond issue bill is the ruling made by Attorney General Bleckett to whom the matter was recently referred by the Council of State in conference with the directors of the Home.

This question was really disposed of by the attorney general more than a year ago when he ruled at the request of Governor Kitchin on the right of the Council of State to authorize the directors of the State School for the Deaf and Dumb to borrow money. There had been a number of years ago the enactment by the Legislature of authority for the Council of State to borrow money for emergency and dire necessities that might arise between sessions of the Legislature, but this has been repealed. This condition of affairs means that there cannot be anything done toward the erection of the main building for the home until the Legislature meets again and makes provision by bond issue or otherwise for the \$100,000 appropriation made at the regular 1913 session. A number of the State officers are free to express their satisfaction at this condition of affairs. Since it is evident, they say that the provision of homes for only 30 women as planned at Fayetteville would be ridiculous when there are probably 3,000 in the entire State that deserve to be provided for if there is such an undertaking at all. Some go so far as to pronounce the whole movement as the veriest sentimentality.

U. S. Spence was here today to add the Rockfish & Aberdeen Railroad Co. to the number of the intra-State carriers who have filed with Governor Craig formal protests against the application of the freight rates fixed in the Justice rate bill passed by the Legislature in extra session last month. The Aberdeen & Rockfish joins in asking that the Governor proceed to name the special rate commission to investigate the rate condition in this State and advise them on some equitable basis. The Justice act was ratified October 13th and would be operative December 13th in the event there should be no suspension through the naming of a special rate commission. The Governor is now looking the State over in quest of three men of just the right type for commission.

Editor Richard H. Edmonds, of the Manufacturers' Record, Baltimore, spent the day in Raleigh, having arrived here last night from Wake Forest College where he delivered an address early in the evening. He was in Durham for an address Sunday.

The Wake county commissioners have voted unanimously to have the county pay all the court costs and lawyers' fees of Convict Guards Nipper and Johnson who were convicted at the last criminal term of Wake county of unlawfully whipping and otherwise punishing a road prisoner; also the county will assume the costs of an appeal to the Supreme Court, and it is understood that in the event the Supreme Court affirms the lower court the county commissioners will pay from the county funds the \$100 fine imposed by the lower court. This is done on the ground that the guards were acting in the regular line of their duty as it had been prescribed for them by the county authorities. This is the case in which Judge Cook ruled that it is a violation of the law and the constitution to whip a convict.

The funeral of the late Mrs. James I. McRee, of Richmond, was conducted this morning at 11 o'clock from Christ Episcopal church, Rev. M. A. Barber officiating. There was a large attendance and the floral tributes were very beautiful. The remains reached here last night and were conveyed to the home of her brother, Col. Charles E. Johnson. She died in Richmond yesterday morning after a brief illness. She was the youngest daughter of the late Dr. Charles E. Johnson and a granddaughter of Judge James Iredell.

A charter was issued today for the Phoenix Planting Mill Co., of Statesville, capital \$25,000 authorized and \$10,000 subscribed by L. D. Swain and others for planing mill and general wood working shop business.

WILSON COUNTY COURT.

First Session Held Monday—Pat Coppedge to Judge.

(Special Star Correspondence.)

Wilson, N. C., Nov. 5.—For the first time in its history Wilson county had a session of a County Court yesterday but without a single case for trial. The only business was the administration of the oath of office to Judge A. B. Deans and Solicitor F. D. Swindell. The next term of the court will be held December 2nd.

Pat Coppedge, the young white man, convicted last week of a violation of the prohibition law, was taken to the county road force this morning. Coppedge had been held in jail pending some other arrangement. He was given the alternative of a fine of \$150 or six months on the roads. He has failed to secure the money and is serving his sentence. Coppedge states that he formerly lived in Anson county. He was employed as a newsboy on the Norfolk Southern Railway and his run was between Norfolk and Raleigh. The police officers here have had him under suspicion for several weeks and finally caught him with the goods last week. Chief of Police Wiggs has notified all automobilists that he will compel the drivers of all cars to observe the law in the future. Recently several accidents have resulted from careless driving.

The Singing Class of the Oxford Orphanage are the guests of the Wilson Masons today and give their concert tonight. The annual visit of the class is always an event of pleasure.

According to a rumor, the Belmont Hotel property has been sold to Mr. R. H. Hicks, of Rocky Mount, an experienced hotel man and the erection of a modern building will follow at once.

McMANIGAL TO HAVANA.

Star Witness in Dynamite Conspiracy Leaves This Country.

Los Angeles, Cal., Nov. 5.—Jail officials received today instructions to ship to Tampa, Fla., all the effects of Orlie E. McManigal, confessed dynamiter and witness against the dynamite conspiracy. McManigal was released on Monday. It is said that McManigal's destination is Havana, whence he will go to South America.

AFFAIRS IN PENDER.

Superior Court Convenes—Protest Against Stock Law—Personal.

(Special Star Correspondence.)

Burgaw, N. C., Nov. 5.—Superior Court convened Monday morning with His Honor, Judge George Rountree, presiding and Solicitor H. L. Lyon prosecuting. After an able charge to the grand jury, His Honor, the court got down to business at once and up to this writing, a good many cases on the criminal docket had been disposed of. There have been several blind tiger and pistol toting cases, nearly all of which have been convictions, and the defendants sentenced to the roads from three to twelve months. Judge Rountree has a very correct idea of how to deal with such cases, as he says the punishment must be such as to deter others from committing the crime. He says also that these violations of law must be broken up, and it is up to the courts to stop them. It is easy to see that it is no easy thing for Judge Rountree to impose a sentence on a prisoner, as there is a struggle between his duty as his judge and his natural feeling of sympathy for the convict and his family, but he tempers mercy with justice as far as his judgment dictates. He certainly is making a fine record for this week.

The Daughters of the Confederacy have been running a cafe here this week for the purpose of raising money for the monument fund, and have been quite successful. They propose to do this every first Monday until they raise all they need.

A case that excited more than usual interest was disposed of today, being State against Wilkes Morton and others charged with burning a school house near Atkinson some time the past summer. The defendant was discharged as there was not enough evidence to convict. The interest in the case centered around the fact that Morton was at one time a prominent character in Republican circles, both in New Hanover and later in Pender county. He is a smart negro, very much above the average. He has been away from this section for a number of years, only having returned here within the past two or three years.

During the noon recess of court Monday there was a largely attended mass meeting of citizens from every section of the county who are opposed to the stock law. Ex-Sheriff Johnson, of Willard, was called to the chair and presided over the meeting. Short speeches were made by several. A committee of three from each township was appointed, whose duty it will be to make a personal poll of each township to ascertain the sentiment of the people on the stock law. The committee will report to a mass meeting to be held here on the first Monday in December, at which time they will take such steps as they may deem necessary in opposition to the law, provided the sentiment of the people, as so ascertained shall warrant it.

The High School teachers gave a Halloween party Saturday evening in the vacant dwelling at corner of Hayes and Dickinson streets. They played various games and served delightful refreshments.

Mr. J. T. Harrell, who has been clerking for C. Harrell & Son for several years, has opened a grocery store for himself on Court House avenue. Mr. H. Garrett Smith, of Norfolk, was here a day or so the past week, looking after his saw mill. Dr. J. M. Wells delivered a most excellent discourse in the Presbyterian church Tuesday evening, on the subject of Home Missions. Mrs. J. C. Fretlow and two little boys, of Point Caswell, spent the week-end visiting relatives here. Mr. A. B. Croom, Jr., now of Wilmington, was here this week meeting friends.

WILSON IS PROSPEROUS.

Banks Have Plenty of Money and Everything in Good Shape.

Wilson, N. C., Nov. 5.—Taking the most optimistic view of this community as a basis—estimating the population, including the suburbs, at 10,000 and the bank deposits of the four Wilson banks show a per capita of \$206.15. Four banks with total capital stock of \$262,000, have total deposits of \$2,051,596.67. These same four banks have total resources of \$2,747,523.94.

Wilson is proud of the advance made by her banking concerns and especially proud of the fact that one of the Wilson banks takes the first place in all the territory between Raleigh and Wilmington—the Branch Banking & Trust Company, with more than a million dollars on deposit—the exact figures being \$1,024,442.10. Following this concern come the other banks in the following order: First National Bank, deposits \$577,118.73; Wilson Savings & Trust Company, \$369,089.64; Citizens' Bank, \$389,948.20.

Looking further it is seen that the banks of Wilson have in their savings departments business and the money is being saved as follows: Branch Banking & Trust Company, \$375,221.76; Wilson Savings & Trust Company, \$369,089.64; Citizens' Bank, \$389,948.20.

In making a comparative study of the advancement of the town, it is interesting to note that the total bank deposits of the town December 31, 1909, was only \$883,201, less than half of the amount on deposit now. The close of the year, December 31, 1912, shows considerably more money in the banks than at the middle of October, December 31, 1912—the high water mark in local banking circles in the history of the town, showed total deposits of \$2,029,217, the amount being less than the total deposits now by about \$21,000. Officials of the several banks expect to go to a still larger figure by the close of this year and their annual statements are awaited with interest.

During the ten years between 1900 and 1910 the population of the town, according to the United States census, increased 132 per cent and the general impression is that Wilson is growing faster this decade than ever before. It is certain that bank deposits are growing much faster.

Youthful, Beautiful Skin Easy to Have

(From The Clubwoman.)

You may be as healthy as a bird in the land and yet have a poor complexion. Changing seasons and temperatures, winds, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spots by external means. Ordinary mercurial wash will do this. It will actually absorb the weather-beaten film that little each day. In a week or two you'll have a brand new complexion, a new skin. The exquisite beautiful and youthful complexion thus acquired comes so easily, without harm or discomfort, there's no reason why any woman should not adopt this simple treatment. Get an ounce of mercurial wash at any drug store, apply nightly like cold cream, washing it off mornings. This will not fail in any case. To quickly remove wrinkles, signs of age and age, bathe the face occasionally in a solution of powdered argemone, dissolved in 16 pint witch hazel. The results will surprise you.

(Advertisement.)

NEWBERN'S NEW CLERK.

Col. P. M. Pearall to Succeed Mr. George Green With Court.

(Special Star Correspondence.)

Newbern, N. C., Nov. 5.—It became known here today that Col. P. M. Pearall, who is to succeed George Green as clerk of the Federal Court of the Newbern district, will not take charge of the office until about the first of the coming year. A one-week term of Federal Court just came to a close last Saturday and as there is much to be done by the clerk following every term, Col. Pearall thought it advisable not to take charge of the office until the present incumbent had got his affairs in shape.

INSANE KING DEPOSED.

Held Royal Position Twenty-seven Years Without Knowing It.

Munich, Bavaria, Nov. 5.—The insane King Otto was deposed today from the throne of the kingdom of Bavaria which he has occupied for 27 years without being aware of his position.

Prince Regent Ludwig proclaimed himself king in pursuance of a law just enacted by the Bavarian diet. The new king is to be known as Ludwig III. He will take the constitutional oath probably on November 8.

A royal proclamation posted throughout the kingdom declares incurable the insanity which has incapacitated Otto from ruling.

In his proclamation Ludwig III alludes to himself as "King by the Grace of God," and uses a number of similar expressions.

Two members of the Bavarian diet were yesterday sent as a delegation to the Kaiser's Palace to visit the mad king Otto. They found him in a pathetic condition. When he saw them he stammered some inarticulate words. While they were out of the room they heard a great crash and found that Otto had dashed to the floor a tea tray which had been sent for the deputies.

Melun, France, Nov. 5.—Thirty-two persons were killed and 40 injured when the Marseilles-Paris express was wrecked by collision with a local train near here late last evening. The bodies were not all recovered until this afternoon.

PRINCETON-HARVARD.

Heavy Game Will be Played Next Saturday.

Princeton, N. J., Nov. 5.—The Princeton Varsity and freshmen football eleven lined up against each other today in the final scrimmage before the Harvard game Saturday and the former won 9 to 0 in a half hour of play.

The coaches have abandoned hope of getting a punter who could hold his place primarily on his kicking ability and will depend on either Law, Borden or Capt. Baker to attend to that branch of the game.

Trainer Fitzpatrick says his men are in good condition. The injured list rapidly decreasing the Crimson enthusiasm and confidence mounting higher and higher, the Harvard football players went through an afternoon of hard practice in preparation for Saturday's game with Princeton.

Harvard's march to Jungletown will start on Friday. The entire varsity team, including Mahan and Trumbull, will make the trip, though the speedy halfback and the sturdy center may not be in the line-up.

SOVEREIGN is the great all-Southern cigarette. Made right in the South, for Southern smokers, from Southern-grown Old Belt tobacco. Breaking all sales records—"QUALITY TELLS."

Southerners recognize in SOVEREIGN the fine, fragrant, Old Belt, Virginia-North Carolina tobacco that they love to smoke.

And they find something even more enjoyable—a wonderful smoothness and mellowness that are absolutely new—the result of careful aging and skillful blending of this famous Southern-grown tobacco.

They get all the fragrance and flavor of the tobacco

when they smoke SOVEREIGN, because the cigarettes burn evenly—do not smoulder and "go out." This is due to the better grade of paper used on SOVEREIGN—the most expensive cigarette paper ever imported from France.

SOVEREIGN sales have reached nearly 100,000,000 a month in 18 months—are increasing 10,000,000 a month breaking all records for popularity—"QUALITY TELLS."

The American Tobacco Co.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the
postoffice at Wilmington, N. C., under Act
of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT
PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily
newspaper in North Carolina, is published
daily except Sunday, at \$5 per year, \$1 for
six months, \$1.50 for three months, 10
cents for one month, served by carriers in
the city, or by mail.

THE SUNDAY STAR, by mail, one year,
\$1; six months, 50 cents; three months, 25
cents.

ADVERTISING RATES may be had on
application, and advertisers may feel as-
sured that through the columns of this pa-
per they may reach all Wilmington, East-
ern Carolina and contiguous territory in
South Carolina.

Obituary sketches, eulogies of thanks, com-
munications exposing the cause of a pri-
vate enterprise or a political candidate, and
like matter will be charged at the rate of
10 cents per line, to persons carrying a
regular account. A half rate will be allowed.
Announcements of marriages, births, hope-
fulness, excursions, society meetings, polit-
ical meetings, etc., will be charged under
the same conditions, except so much there-
of as may be of news value to readers of
the paper, in the discretion of the editors.

TELEPHONE: Business Office, No. 51;
Editorial and Local Rooms, No. 51. Call
either, if the other is not answered.

COMMUNICATIONS, unless they contain
important news or show a special inter-
est, will be held in abeyance until the
next morning. If they are of real interest,
they will be published at once, but as a
rule, the real name of the author accompa-
nying the communication is necessary for pub-
lication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money
orders, and postal money orders, for the
paper should be made payable, and all
communications should be addressed to,
THE WILMINGTON STAR CO.

Thursday, November 6, 1913.

Rocky Mount is not "The Bell
Town" but the Horne blowing town.

The country needs its best men.
Not the men who claim to be its best
men.

When a man fails at everything
else he can be a caustic critic of the
success of others.

Nobody seems to worry President
Wilson about being appointed to that
Mexican situation.

Some people cannot open a conver-
sation without putting their foot in
it just as soon as it is opened.

Hypocrisy seems to be getting it in
the neck—the political kind that de-
serves everything that is coming to it.

Scientists say: "Mars is signalling
to us." If Mars really wants to get
on the waterwagon it certainly is us
he is signalling to.

A girl's idea of an old fogey is that
her dad is it because he hates the
idea of having a son-in-law who parts
his hair in the middle like an old
fashioned lady.

Sulzer's election from an East Side
Assembly district does not mean a
thing except that it means that it is
the same old East Side when it comes
to sticking to "the same old Bill."

A girl has composed a popular love
song entitled "If I but Knew." It
was better if she never knew, be-
cause if she did she would decide to
be an old maid.

Even the women of Mexico are said
to be participating in the battles.
When a woman has the courage of
her convictions, she is always in the
forefront and never in the outskirts
of the fight like many men.

Referring to the punishment of a
masher, the New York World says
one got "ten days on the island for
annoying women on the street cor-
ner." Punishment like that would
make the street corners safe for wo-
men, but most of the crowd gathers on
the street corners because they are
more convenient than the middle of
the street.

The Southern Commercial Congress
promises to turn trade to Southern
ports when the Panama canal is open
for traffic. Then the Southern Com-
mercial Congress should see that the
ports have ample water terminals,
warehouse systems, and exporters
and importers. Trade cannot be turned
to any Southern port that is not
prepared to handle it. The ports
will have to do their part.

Senator Cummins knows very well
that the moral suasion of "the man in
the White House" is different from
the dictatorial power in the govern-
ment palace in the City of Mexico. One
is a dominating influence in behalf
of the people, while the other is mil-
itary domination over the people and
their representatives. One is to assert
the will of the people, while the other
is to assert the will of a usurper over
the will of the people.

THE SILD WILL SOLVE THE
MILK PROBLEM.

The Housewives' League of Wil-
mington has started something that
will ring all over the State, and while
it is a local matter it will serve to
agitate a question that doubtless ap-
plies to every county in the State.

"As we understand it, the house-
wives deplored rather than protested
the action of the dairymen around Wil-
mington in agreeing to advance the
price of milk to 12 1/2 cents per quart
in quantities or 13 cents for a single
quart. The dairymen based their ac-
tion upon the claim that the high cost
of feed compelled them to increase
the price of milk or else they would
do a losing business.

The ladies, of course, were not pre-
pared to dispute the claim of the
dairymen, but they have emphasized
the fact that the increased price of
milk severely taxes the household ex-
chequer of most families and either
curtails or prohibits the use of milk
in many families. The chief point em-
phasized is that an ordinary household
necessity becomes a luxury at the al-
most prohibitive price.

However, the Housewives' League
has made it a question whether the

cost of stock feed warrants a price
increase of twenty-five per cent, but
it raises a larger question that is ap-
plicable to the entire State. That is
whether North Carolina can afford to
buy cattle feed instead of saving
money by producing forage crops to
meet the needs of home consumption.
Then the chief factor in preserving
forage crops after they are made and
the best method of getting the most
out of every pound of forage, is the
silo, and as a collateral subject that is
one for every farmer in the State to
consider with great earnestness. Not-
withstanding the milk problem and
commenting upon the hint thrown out
by The Star to the effect that "it is
for the dairymen to solve part of the
problem by producing their own cat-
tle feed," the Charlotte Observer says:

"The Observer has its own idea
about the trouble on the dairy farms
about Wilmington. It lies in the
naked fact that the silo is absent from
the landscape. The silo means cheap
and abundant food for cattle, at a
time when there is no green forage
and when the pastures are in winter
quarters. Where there are no silos
winter feed for the dairyman's stock
is bound to be an item of conse-
quence."

We had left it to the ladies to ex-
ploit the feed question themselves, as
we presumed that they would do, in
getting at the cost of the production
of milk, but as The Observer has
brought in the silo, the housewives
have about all the lines upon which
they can consider the feed question
as an economical one for dairymen and
farmers in general. The first thing
to do, of course, is to produce the
crops that can be converted into en-
silage, and just as soon as that is done
up goes the silo as a consequence.

The Wilmington dairy which is pro-
ducing milk at lowest cost is one that
has a silo. It is Mr. Joseph H. Hin-
ton's model Orton House dairy farm,
and as he grows his own forage and
packs his own silo with all manner of
forage products, he has no feed prob-
lem to contend with on his farm. He
feeds his cattle and hogs with succu-
lent ensilage and is showing how to
convert the raw products of the farm
into such finished products as milk
and pork. He makes the profit on for-
age production, he saves the profit of
the middleman, he saves the freight
from other fields of production, and
he saves the cost of hauling from the
store to the farm. Sometime ago The
Star wrote about the Hinton farm, and
it will be remembered that the net re-
sult from something like ten or twelve
acres of cultivated land sounded like
a fairy tale. That little farm has its
own engine, cutting machinery, pump-
ing outfit, and silo, and the probability
is that the two men who are on the
job get more results than any other
two men on any farm in North Caro-
lina.

The Star has made it a point to ex-
ploit just such operations as can be
seen at the Orton dairy farm, for the
very reason that it was hoped that
thousands of farmers would follow
suit. The dairy farm that is not a for-
age farm and is not equipped with a
silo is certainly justified in complain-
ing of burden which the purchase of
feed entails. More than that, it makes
the public feel it too.

Only a few days ago a Westerner
who has come to an adjoining county
to settle, held up both hands when he
said that he had looked all over this
country in vain for a silo. He built
one before he built his home, and
while the neighboring farmers are buy-
ing forage he has all he needs and
better than he can buy.

Finally, it should not be overlooked
that Eastern North Carolina never
goes into "winter quarters" when it
comes to grazing. Winter cover crops
furnish ample green feed in mid-
winter, and for the proof of that Mr.
G. Herbert Smith, at Acme, is a good
witness to put on the stand. The fact
is, we can make ourselves independent
of feed producers if we will. The
only question is for us to take advan-
tage of the adaptabilities that would
solve the butter and milk problem
on every farm in Eastern North Caro-
lina.

PLAN FOR ISSUING FEDERAL
CHARTERS.

According to the Washington cor-
respondence of the New York Jour-
nal of Commerce, there has been a
revival in Congress of the idea of
issuing Federal charters to corporations
that do inter-State business. This
charter proposition is said to come
up in connection with some possible
action looking to the control of indus-
trial combinations by a proposed com-
mission specially authorized to over-
see them and to license them. It is
proposed that every company or com-
bination engaging in inter-State com-
merce shall secure a Federal charter
prior to undertaking such business.
However, the present proposal to
provide legislation authorizing Fed-
eral charters is a different one from
the commission idea, and of it the
correspondent of the Journal of Com-
merce says:

"The proposition is a distinctly dif-
ferent one from the commission idea,
and has been recommended itself to various
men of standing and distinction in
the past. It is again being pushed
forward by some of the Democrats
who want to find a solution of the
'trust' question, despite the fact
that it had the endorsement of Presi-
dent Taft and of his Attorney General
at one time, so that in certain respects
it may be regarded as a Republican
policy. Whether it is a proposition
that is likely to receive the support
of the present administration under
any condition is a matter to be dis-
cussed later. At this point the propo-
sition itself is of chief interest. There
have been many plans for this purpose
within the past few years in actual
bill form. A new crop has now come
up and is before the Committee on In-
ter-State and Foreign Commerce and
the Committee on Judiciary of the
House. The fundamental idea in all
such plans is that of requiring a cor-
poration which wishes to engage in
inter-State commerce to incorporate
under National legislation. This would
imply giving up its State charter and
forming a new concern. The question

presented is whether special require-
ments relating to the size and indus-
trial character of such corporations
should be exacted or not, and if so,
what they should be. In some of the
plans that are now being pressed for
attention is the suggestion that be-
fore a charter shall be issued the con-
cern shall have been absolutely proved
to be not overcapitalized, while it
shall further be shown that in the in-
surance of its outstanding securities
entire care has been taken to safe-
guard the interests of the stockhold-
ers and of those who might become
stockholders."

We fancy that this is a revival of
the efforts of the corporations to get
away from State control or interfer-
ence in any particular on the part of
a State. As present corporations are
chartered by the several States and
either re-chartered or domesticated in
the other States in accordance with
laws like North Carolina has for the
domestication of so-called "foreign
corporations," any company being
foreign that is not a North Carolina
corporation chartered under the laws
of this State. As it does not appear
that the States are seeking any such
Federal corporation plan, it is to be
inferred that the corporations them-
selves are mostly interested in such
a plan.

Who else could be? A Federal
charter would enable a corporation to
invade any State it chooses to op-
erate in and the State could not say
yes or no. The States would have
no sort of control over corporations
holding Federal charters and would
be deprived of all revenues that are
gotten out of corporations for State
purposes. Of course, there are some
good reasons why Federal charters
should be granted, but most of the
reasons concern the corporations and
not the States. Some argue that cor-
porations chartered by Federal au-
thority could be better controlled by
the government, but the real truth is
that the corporations would prefer to have
only one master instead of the State
and Federal governments to contend
with.

Corporation abuse seems to con-
sist mostly of the combination of cor-
porations, and it is strange that in all
these years of fighting combines and
trusts that charters should not have
been granted with clauses making
them null and void if one corporation
should combine with another except
by legislative consent. Most of the
trouble with trusts and combines is
because of laxness in creating them
with practically unlimited privileges,
so much so that the creatures defy
the creators.

NO ULTIMATUM TO HUERTA.

It is unfortunate that press dis-
patches should have placed the Wil-
son administration in the attitude of
sending an ultimatum to President
Huerta, of Mexico, when no such step
had been taken by the government.
At least, Secretary Bryan says no ul-
timatum had been presented as was
reported.

The press seems to be one of the
difficulties in the way of handling the
Mexican situation to the best advan-
tage. Newspapers are so anxious for
news that they publish things that
have to be denied the next day.
Meanwhile such publications do an
inconceivable amount of injury in
this country, and in Mexico especial-
ly, not to mention the effect in Eu-
rope.

The Washington administration is
handling a difficult situation with the
earnest hope of getting at a wise so-
lution, and when it is reticent the
press should realize that it is not
time for official secrets to be given
out. However, the press does not
wait. It anticipates and muddles the
situation. The administration might
help matters by giving out official
statements, and, at any rate, the pub-
lic should not accept any statement
that is not official.

THE NEW TARIFF IN CANADA.

The Democratic tariff has opened
the eyes of the Canadians to the fact
that lower duties and free list sched-
ules have opened up a tremendous
market for Canadian products. A
dispatch from St. Johns, New Brun-
swick, says it is conceded that our new
tariff will be of immense benefit to
the farmers, lumbermen and manu-
facturers of New Brunswick. One of the
results is the immense movement of
potatoes to the United States mar-
kets. The increased demand has caused
prices to jump \$1.20 per barrel to
the farmers, whereas less than a week
before the offerings were 70 and 75
cents per barrel.

Another result is that lumber is
moving freely and trade generally has
quickened, while all the steamship
lines report largely increased busi-
ness. That gives the Canadians a
practical lesson of what reciprocity
would have meant for them had they
adopted it three or four years ago.
We often said Canada had everything
to gain and nothing to lose.

CURRENT COMMENT.

It seems to be a fact that the rail-
roads got bronchitis and pneumonia
much as their proposition was ac-
cepted by the Legislature, but we had
not thought that a lobby had any
thing to do with this.—Durham Her-
ald.

The Wilmington Star very truth-
fully remarks that a large city "that
is orderly every day as it is on Sun-
day is a nice place to raise boys and
girls and send them to school." That's
exactly the reason we always recom-
mend Waycross so highly.—Waycross
Herald.

The Governor of North Carolina will
have the Governors of Missouri and
Kansas join him as road hands in the
Tar Heel State. Perhaps they were
indeed to work outside of their States
by the memory of what the Governor
of North Carolina said to the Gov-
ernor of South Carolina.—Jacksonville
Times-Union.

The North Carolina Drainage Con-
gress will be entertained here this
month and it is well that the activi-
ties of the Greater Charlotte Club

are being directed so early toward
providing entertainment for the visi-
tors. We ought to make this a big
event and it can be done with com-
parative ease by means of co-opera-
tion on the part of all the citizens. We
are taking a new interest in the drain-
age movement right here in the com-
munity and this fact alone should be
sufficient to inspire more than ordi-
nary interest in the sessions of the
Congress that will be held here.—
Charlotte Observer.

Judge Frank Carter does not mind
saying from his judicial eminence
what he thinks when he gets down
into the private walks of life. In his
charge to the jury at Asheville yes-
terday morning he declared that, in
his judgment, the business of selling
whiskey had been taken out of the
hands of the man of had character
who has been succeeded by the man of
good character, the man able to sur-
mon good citizens to his succor in
sustaining his reputation. "This is a
right serious charge against the citi-
zenship of the State or that part of
it that is in position to express itself
in any way with the sale of whiskey.
If it is true it merely means the ap-
proach of the day when convictions
will be made of the prohibition law-
makers who have been so long in the
way of wider apart for North Caro-
lina juries do not yet seem to be up
to that point where they would send
a reputation to the man who is the man
with a good character and a character
supported by the best people of a com-
munity, to the roads for selling liquor.
It is not a thing like that.—Charlotte
Chronicle.

A proposition that has been allow-
ed to sleep for long is a bill for the
permanent exhibition of things "made
in Charlotte." On several occasions
in the past the project was on the eve
of success, but was dropped for one
reason or another. The benefits of an
exhibition of the kind are conceded,
but the trouble has been the lack of
organized interest. If the manufac-
turers and business people of Char-
lotte would combine on some ener-
getic young man to take the matter
in charge, themselves financing the
enterprise, which would mean the pro-
viding of the annual rent for the hall,
the salary of the manager, the insur-
ance and incidental expenses, the pro-
ject could be started on a successful
course. It would not only pay the in-
dividuals contributing to its mainte-
nance, but would be a great trade in-
spiration for the city. Merchants con-
sidering the fact that the exhibit of
Charlotte manufactures. The ex-
hibition further would tend to the de-
velopment of diversified manufactures
—and it is the establishing of the
smaller industries that is needed to
swell the Charlotte weekly payroll.—

MAY BE DESERTERS.

Young White Men Arrested at Kinston
—Encounter With Bear.

(Special Star Correspondence.)
Kinston, N. C., Nov. 5.—Walter
Brown and Harry O'Connell, young
white men who were recently arrested
here after an exciting chase by police-
men, and sentenced to 30 days on the
streets by the municipal court for
bearing false witness in a Norfolk Southern
train, yesterday escaped. They were
at liberty only a short time, however,
before they were located under a res-
idence in the northeastern part of the
city a short distance from where they
"broke gang." Brown and O'Connell,
who gave Philadelphia as their home
and who were taken to the city jail
after their arrest, now are believed
to be deserters from the army. They
correspond in some details with de-
scriptions had of John V. Bryan, ser-
geant, and William Gualtney, private,
members of the 15th Company, Coast
Artillery Corps, who deserted from
Fort Caswell, N. C., on September
22nd and October 1st, respectively.
Both the deserters are natives of the
eastern part of this State. The local
authorities will confer with the post
commander at Fort Caswell concern-
ing the men.

One medium-sized, hungry black
bear terrorized the family of Albert
Speight, a Greene county planter, at
their farm home about five miles from
Snow Hill, when it attempted to enter
the house. Bruin visited the barnyard
and was bent by Speight's dogs. The
householder tried to close the door,
but the bear occupied too much of
the doorway, and it required the
assistance of the females in the house
to get him out, and this was accom-
plished only after strenuous efforts.
Finally, in desperation, the animal as-
sumed the offensive in his fight with
the dogs, bent them off and escaped in
a nearby thicket. A hunt was or-
ganized by the neighborhood farmers
and the bear was chased through much
of the countryside in the vicinity of
Snow Hill and Ormondville, but unsuc-
cessfully.

Citizens of LaGrange, the second
town in Lincoln county in size, last
night in a mass meeting formulated
plans for argument before the Corpora-
tion Commission there next Tuesday
of the town's need of a modern depot,
which the commission will be asked
to require the Norfolk Southern Rail-

road to build in replacing one destroy-
ed by fire. Dissatisfaction existed
with former facilities.

MALARIAL MOSQUITOES.

Government Experts Making Exam-
inations for Infection in Newbern.

(Special Star Correspondence.)
Newbern, N. C., Nov. 5.—Five hun-
dred Newbernians will in a few days
learn whether they are infected with
malaria germs or whether they have
yet to be afflicted in this manner. Dr.
R. H. von Ederoff, the government ma-
laria expert, who was in this city last
week, sent this number of speci-
mens and at once forwarded them to
a government laboratory for exami-
nation.

Dr. von Ederoff's idea in getting
these specimens was to determine
just what per cent of the population
is infected with malaria. Following
close behind Dr. Carter, another ma-
laria expert who lectured on the ma-
laria mosquito and how to extermini-
ate it, his visit here was a fruitful
one and much interest was mani-
fested in his work.

A large number of the specimens
of blood secured here were from
school children, but there were many
prominent men who had him take
specimens of their blood and these
are awaiting the examination with
much interest.

Chicago, Nov. 5.—Eddie McGorty,
Roy Bronson and "Young" Saylor,
boxers, today signed a contract for a
four round Australia during which
they are to fight for the title. They
are to sail from San Francisco Nov-
ember 18th.

WOMAN SUFFERED
TEN YEARS

From Nervousness Caused by
Female Ills—Restored to
Health by Lydia E.
Pinkham's Vegeta-
ble Compound.

Auburn, N. Y.—"I suffered from
nervousness for ten years, and had such
times that I sometimes lie in bed four
days at a time, could not
eat or sleep and did
not want anyone to
talk to me or bother
me at all. Some-
times I would suffer
for seven hours at a
time. Different doc-
tors did the best
they could for me
until four months ago I began giving
Lydia E. Pinkham's Vegetable Com-
pound a trial and now I am in good
health."—Mrs. WILLIAM H. GILL, 15
Pleasant Street, Auburn, New York.

"Doctor's Daughter Took It."
St. Cloud, Minn.—"I was so run down
by overwork and worry that I could not
stand it to have my children talk aloud
or walk heavy on the floor. One of my
friends said, 'Try Lydia E. Pinkham's
Vegetable Compound, for I know a doc-
tor's daughter here in town who takes
it and she would not take it if it were
not good.'"

"I sent for the Compound at once and
kept on taking it until I was all right."

NAVIGATION AND PILOTAGE

Mr. James Sprunt Unanimously Re-elected Chairman of Board of Commissioners—Monthly Soundings—Wreck.

Wilmington, N. C., Nov. 5, 1913. Regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held today, with the following present: Vice Chairman J. W. Harper, Commissioners H. G. Smallbones and William St. George, and Clerk L. Brown McKoy. The reading of the minutes of the last meeting was dispensed with, as they had been published in the local newspapers and read by the Commissioners.

The first matter taken up was with reference to the vacancy on the Board occasioned by the resignation of the Chairman, Mr. James Sprunt, a short time ago, which vacancy had not been filled. Mr. Sprunt was one of the original five Commissioners appointed by the Governor in 1907, when the Board of Commissioners of Navigation and Pilotage was re-established, following a period of two years during which the Board was inactive, compulsory pilotage having been abolished, by an act of the Legislature, in 1905. Prior to 1905 Mr. Sprunt had been connected with the Board of Commissioners of Navigation and Pilotage continuously since 1875, but when he learned recently that there was a law prohibiting his holding of more than one office under the State, he felt it his duty to resign from the Board, on account of another appointment which he held, and his resignation was reluctantly accepted by the Commissioners.

On the 13th day of October, 1913, however, there were ratified by the General Assembly an Act providing that a Commissioner of Navigation and Pilotage shall be considered a Commissioner for a special purpose, such Commission not to be deemed an office under the State, in the meaning of the law prohibiting the holding of more than one State appointment; and the first business of the Board of Commissioners of Navigation and Pilotage at the regular monthly meeting today, was the unanimous re-election of Mr. James Sprunt as Commissioner and as Chairman of the Board. Immediately following Mr. Sprunt was waited upon and urged to take up at once the duties of his office, which he consented to do, implying compliment, and the routine of the meeting was resumed, with Mr. Sprunt in the chair.

Reports of the monthly bar soundings committee and of the quarterly river soundings committee were read and approved. Pilot H. C. Corlette, who had been regularly appointed a member of the quarterly committee, failed to sign the report, and the Clerk was instructed to write him a letter, asking that he show cause why he should not resign from the committee with the regulations, for neglect of duty.

Quarterly report of the Harbor Master was read and approved. The Harbor Master, Captain Edgar D. Williams, appeared in person before the Board and reported that under date of October 17, 1913, he had given notice to the Merchants and Farmers Steamboat Company that the wreck of their steamer City of Fayetteville, which ran aground at the foot of Red Cross street, must be removed at once, as it was an obstruction to navigation and a great hindrance to the commerce of the port; that the Merchants and Farmers Steamboat Company, through its president, Mr. Z. W. Whitehead, had replied, under date of October 20, 1913, stating that everything possible was being done to remove the wreck of the steamer, and that it was hoped to have all the wreckage cleared away in the course of three or four days, but that despite this (the Harbor Master's) repeated complaints since that time, the wreck still lay in the Red Cross street dock.

After a general discussion of the matter, the Commissioners instructed the Clerk to quote to the Merchants and Farmers Steamboat Company, Rule No. 17, of the Port and Harbor Regulations, reading as follows: "Should any bulk, raft, flat or other obstructive substance become sunk, from any cause, in the river, the same shall be immediately removed, under a penalty of Five Dollars for each and every day such obstruction shall remain, after notice from the Harbor Master, to be paid by the parties interested or concerned; and in case of obstructions, even to the navigation or obstruction of such obstructions."

The Clerk was further instructed to say to the Merchants and Farmers Steamboat Company that the Board had been very lenient about enforcing the above rule, in view of the most unfortunate casualty to the steamer City of Fayetteville, and the consequent heavy loss to the owners; but that the Commissioners felt that they were now bound to take a firm stand in the matter, and that the obligation to the commercial interests of the port as a whole, and that unless the wreck of the steamer City of Fayetteville be removed from its present position to a point where it will not interfere in any way with the river traffic, or obstruct the navigation, the City of Fayetteville will be obliged to exact a penalty of \$5 per day, provided in Rule No. 17, as long as the wreck remains an obstruction to navigation, and in addition thereto, to take such measures as may be found necessary to remove the obstruction, holding the Merchants and Farmers Steamboat Company liable for the expense of such removal.

There has been some complaint made to the Board recently concerning the noise made by gasoline boats in the harbor, when their engines are used without mufflers, this noise being particularly objectionable during the comparative quiet of the night, and the Harbor Master was requested to ascertain what regulations are in force at other ports concerning the use of mufflers on gasoline boats, and to report back to the Board at the December meeting.

There being no further business, the meeting adjourned.

L. BROWN MCKOY, Clerk.

Death of Young Child. Many friends will sympathize with Mrs. M. and Mrs. A. H. Williams in the death of their young child which occurred Tuesday night at their residence, No. 412 Dock street. The funeral was held yesterday afternoon at 3:30 o'clock from the residence, conducted by Rev. J. D. Bundy, pastor of Grace Methodist church. The interment was in Bellevue cemetery.

—Wm. J. Bellamy, Esq., returned yesterday from Burgaw, where he went on business connected with Superior Court now in session there.

HEALTH BUDGET IS SHAVED

Small Saving to City Is Planned by Council—Dr. Nesbitt Still the Bone of Contention—The Bridge Question.

After going into the matter quite thoroughly, considering each item carefully, the City Council, in conference for an hour and a half yesterday afternoon found where the health budget as submitted by the County Board of Health, could be shaved down \$380 for the remaining seven months of the present fiscal year.

However, the Council decided not to make any appropriation for sanitary police, seven in number, including the chief, for which the budget called for \$3,250, and it proposed to employ three health officers, in addition to the two collectors now engaged, and have them do the duties of the sanitary police through the city sanitary department, under the general supervision of the health department, effecting, it is claimed, a still further saving. This would leave the health department proper, however, without any sanitary police officers, and it seems to be a serious question, of the right of the City Council to deprive the health department of police entirely. The County Board of Health is expected to take the position that under the law the city has nothing to do with the employment of sanitary officers. The Council plans a saving of about \$1,500 for the remainder of the fiscal year by making this change. This is said to be a question of the ability of five officers to do all the health work in the city, including the collection for scavenging work.

The Council also cut the item in the budget for uniforms, \$300, due, doubtless to a misapprehension of the facts, and this will probably be reinstated as the amount is intended to pay for the uniforms already ordered and provided for in the previous budget.

Only two other changes were made in the budget, namely the reduction of the salary of Dr. Chas. T. Nesbitt, the superintendent, from \$3,000 to \$2,500 a year for the remainder of the fiscal year, and an increase of \$10 a month on the salary of Dr. Thos. B. Carroll, the meat and dairy inspector.

Dr. Nesbitt is still to be the bone of contention. So, actually, the Council, while shaving the budget on one item at the rate of \$500, it increased another \$120 a year, making the net difference in favor of the city exactly \$380.

The Council decided that the title of the sanitary engineer should be changed to sanitary engineer and plumbing inspector. It is likely that upon this recommendation of the Council that Mr. John M. Mathers, a member of the quarterly committee, formally by the Board of Health to the position of plumbing inspector, and to the Board of Health to the position of the health department, when the matter came up some time ago, was that Mr. Mathers had never been a member of the Board of Health.

The Board of County Commissioners Monday afternoon passed the budget exactly as it came over from the health department with the exception that it was decided to recommend to the Board of Health that the fumigation officer's salary be increased from \$65 to \$70 a month.

At the conference yesterday attention of the Council was called to the fact that the health bill requires that the County Board of Health at its meeting in May, 1913, elect officials, assistants to the health officer in the health department, fix their salaries, define their duties, and that they shall serve for a term of two years unless removed by a majority of the County Board of Health. This, it was pointed out, leaves the Council with no say-so in the matter, since the last Legislature did not amend the act in this particular.

It is likely that the County Board of Health will hold a meeting within the next few days to consider the proposed changes in the budget.

Meeting Today. At the request of Hon. John D. Bellamy, local counsel for the Seaboard Air Line, the Council decided to hold a special meeting this afternoon at 3 o'clock to again confer with Mr. Bellamy and Mr. E. O. Frink, bridge engineer, on the subject of the proposed bridge across the right-of-way heretofore referred to of the Council that the city make a donation of \$3,000 or \$10,000 toward the construction of the bridge across the right-of-way and Atlantic Coast Line of a bridge, costing about \$19,000, over the tracks of the Seaboard at Hilton. Mention was made of the fact that the two men entered into between the two railroads in adjustment of a controversy with regard to certain track rights, the right-of-way part of the bridge, that the two roads should construct at joint expense a concrete bridge, which is just opposite to the position taken by the Seaboard representative at the conference a few days ago when it was stated that unless the city would make a contribution to the cause a wooden or steel bridge would be constructed. The section of the agreement on record in the office of the Register of Deeds, follows: "The two roads hereby agree that they will at their joint and equal expense construct and thereafter maintain a permanent concrete highway bridge across the right-of-way heretofore referred to as the Parsley strip, as the same intersects across by Fourth street of said city. The work of the building and maintaining said bridge is to be done by the Seaboard company and the Coast Line company hereby agrees that it will promptly pay its proportion of the cost of construction and thereafter will promptly pay its proportion of cost of maintenance of said bridge upon receipt of bill from the other company."

Members of Council practically decided a few days ago that they could not accept the proposition to make the necessary change in grade on Fourth street.

Real Estate Transfers. Deeds were filed for record yesterday as follows: Edward Sharpless and wife to Edna Josephine Sidbury, for \$40, 18 acres in Cape Fear township, on Northeast river; C. B. Parmenter to S. H. Baker and wife, for \$1,000 and other considerations, lot on west side of Fourth street, 119 feet south of Second; R. M. McMillan and wife to Edna Josephine Sidbury, for \$100 and other considerations, 137 acres of land in Cape Fear township, on Sturgeon Creek; H. M. McMillan and wife to H. F. Wilder, for \$100 and other considerations, lot on west side of Fourth street, 84 feet south of Second; 44x39 feet in size; Geo. H. Rogers and wife to J. O. Hinton, for \$100, lot 40, Villa View; Winter Park Gardens Co. to F. B. Ausley, for \$10 and other considerations, lot 115 Winter Park Gardens.

CITY COUNCIL REPEALS AMENDMENT TO ORDINANCE IN ACCORDANCE WITH WISHES OF LADIES—ACTION UNANIMOUS.

Victory No. 1 for the Housewives' League, which was recently organized.

In accordance with the wishes of this organization, the City Council yesterday morning by unanimous vote repealed the recent amendment to the ordinance that would have permitted the use by merchants of two feet of sidewalk in front of their stores for display purposes.

The streets are to be kept clear of obstructions and the ladies are to be thanked for it. It was the ladies of Wilmington, as members of Societies, who secured the passage of the original ordinance making it unlawful for merchants to display goods on the sidewalks. It was the same ladies, with a few new recruits, under the name of the Housewives' League that secured the consent of the present Council to re-instate the ordinance, as originally adopted, on the statute books of the city before the amendment became effective.

The ladies, a large delegation of them, with Mrs. J. G. Barntine as spokesmen, appeared before the Council yesterday morning and reported that they had "made good" in their promise to secure the signature of a majority of the merchants signing the petition for sidewalk privileges, asking to be allowed to withdraw their names from the petition. With-out discussion the members of Council unanimously voted to repeal the amendment in accordance with the agreement entered into with the ladies last week to the effect that if a majority of the merchants who signed the petition for the privilege would sign another asking to withdraw their names, the petition would be rejected. The names of these merchants were read to the Council.

Councilmen Are Thanked. Following the adoption of the resolution repealing the amendment to the ordinance, Mayor Moore congratulated the Councilmen upon their action. Speaking for the ladies, Mrs. Barntine thanked the Councilmen for their action and also thanked Mayor Moore for his courtesy in asking the ladies to appear before the Council and present their cause. She also called attention to a change that is desired at the Front street market, and that it was the purpose of the former Council, as she understood it, that with the placing of the fish stalls in the rear of the market, and the stalls would be made for the many carts to stand in the market house alley instead of on Dock street, as at present. This, she said, would make it much more convenient for the ladies in doing their marketing and they would be protected from the weather while making their purchases. At this point the Councilmen, in charge of the market, explained that the space in market house alley is not sufficient for the carts, and that it will be necessary to make provision for them on the wharf at the rear of the market, but that the financial condition picks up a bit. Both he and Mayor Moore promised the ladies to take the question under advisement, and the Councilmen were able to do so. Mrs. Barntine thanked the Councilman for the explanation of the matter. The ladies then retired.

Routine Matters Considered. An application of the Atlantic Coast Line to build a spur track from the belt line at Fifth street, in the south part of the city, was referred to the city engineer for investigation and report.

The contract entered into by the city and Atlantic Coast Line, giving the city the right to lay a sewer line under the tracks of the company on Moore street, from Ninth to Anderson street, was accepted.

The report of the fire department for the month of October showed 13 alarms, causes being as follows: Sparks from chimneys 3; defective wiring 2; false alarms 2; oil stove explosion 2; unknown 2; spontaneous combustion 1; sparks from furnace 1. The total loss for the month, Chief Schnibben reported, will not exceed \$2,500.

The report of Police Chief Williams showed 29 arrests in October, 29 white and 49 colored; there were 29 drunk, 17 white and 12 colored; 20 disorderly conduct, 10 white and 20 colored; 23 vagrancy, one white and 22 colored; 10 for simple larceny, 10 white and six colored; eight for assault with deadly weapon, two white and six colored; five for gambling, two white and three colored; six for trespass, two white and four colored; six colored for violating the automobile ordinance; five for violating the prohibition law; one colored for the most important violations for the month.

Mr. Chas. N. Evans appeared before the Council and requested that Market street, from Front to Second, be improved. It is one of the principal thoroughfares of the city and is of increasing importance by reason of the new bank building recently erected thereon. The street, Mr. Evans said, is full of holes, which makes it very rough on vehicles and automobiles. The Councilman Jones, in charge of the Department of Public Safety, reported that he had loaned Patrolman Joe Lane to Sheriff Cowan to patrol the county roads to run down speed violators for the next 30 days. Several extra police officers have recently been put on the force, he said. Councilman Jones inquired of Councilman Loughlin with regard to proposed improvements of the Fourth street market house and the latter replied that he was now securing estimates of the cost of the work.

Improve Nixon Street. Fourteenth street, several times reported to Council as being in a well high impassable condition, is to be improved.

Councilman Jones, in charge of the Department of Public Safety, reported that he had loaned Patrolman Joe Lane to Sheriff Cowan to patrol the county roads to run down speed violators for the next 30 days. Several extra police officers have recently been put on the force, he said. Councilman Jones inquired of Councilman Loughlin with regard to proposed improvements of the Fourth street market house and the latter replied that he was now securing estimates of the cost of the work.

Expert Willing to Guarantee to Supply City With All Water Needed—No Experimenting to Be Done.

Satisfied from his personal investigation and from what has been told him by others more familiar with the local situation that good, pure, wholesome water in sufficient quantity to supply the needs of the city not only for the present but for many years in the future, Mr. Gray, of Gray & Co., a well known well-drilling concern of Chicago, yesterday morning told the City Council that he was willing to put in a bid in competition with others guaranteeing to furnish the city 3,000,000 gallons of water a day from a battery of deep wells.

It would cost the city in the neighborhood of \$100,000 to obtain the water supply from this source, he said, approximately \$50,000 for the battery of wells and \$40,000 for the system of air pumps that would be required to force water into the reservoir. Mr. Gray, if given the contract, would be associated with Mr. J. D. Lowry, the well known local well man, in the drilling of the wells.

Certain of the Supply. Mr. W. E. Worth, who has probably given more thought and study to the question of deep wells than any other man in the community outside of those who make well drilling a business, was heard with much pleasure and profit by members of Council, in support of the project to get the public water supply from deep wells. He was satisfied that the water supply for the city of Wilmington could be secured from deep wells and as to the necessity of a water expert, possibly added to the fact that he has in operation in this city now two wells, one of which has been in use for 15 years. The wells afford a supply of over 1,000,000 gallons of water a day. Mr. Worth said that the wells are eight and 12 inches in size. One of wells in use for the past six years, yielding a half million gallons a day with no perceptible decrease in the supply, analyzes the same today that it did when first drilled, said Mr. Worth.

Mr. Worth said that he was firm in his belief that Wilmington can get its water supply from deep wells. In addition to his own experience he mentioned the fact that Newbern and other towns get their water supply from deep wells. There are flowing wells at Currie, at the Moore's Creek Battleground and other places in this section, he said.

Warms to His Subject. Warning up to his subject with all the earnestness at his command, Mr. Worth declared that it was an outrage for the city of Wilmington to be forced to take water from the river. Mr. Worth made reference to City Chemist Catlett, whom, he said, he had analyzed the water when it leaves the filter for the mains and not wait and take it from the pipes after it has gotten down town, before taking his sample. He said that the water of the chemist that the water secured from the deep wells is surface water.

"Mr. Catlett," said Mr. Worth, "analyzes the water from these deep wells and says it is good water, and when he comes out in the paper and says that it is surface water. Is there any consistency in taking our money for this?"

Mr. Worth discussed the question of the feasibility of getting the water supply from deep wells at some length and in conclusion declared that as to the cost of the water, he was not at all sure, but that the city was now using 3,000,000 gallons of water daily obtained in this manner.

Councilman Loughlin, who had the honor of being the first to make a mistake when it spent the large amount of bond money in establishing the present waterworks system, instead of obtaining the supply from deep wells.

Not Deeper Than 200 Feet. Mr. Gray drilled the wells at Charleston and at Fort Moultrie, Sullivan's Island, as well as a great many wells for other parts of the country. He said that Charleston continues to obtain its supply of water for drinking purposes from the deep wells, but he understood that the water for commercial purposes is now obtained from a creek. The wells in Charleston are 2,000 feet deep and at Fort Moultrie, 1,500 feet. He did not think it would be necessary to go deeper than 200 feet here in order to get good water in sufficient quantity. He said that if bids are called for and his company is given the contract, he will put down one well, and submit a sample for analysis, and if the water proved good the company will continue with the contract, otherwise it will pocket the loss and make no further effort. Mr. Gray mentioned the fact that if the intake is moved up the river the organic matter will still be in the water. He illustrated the point by saying that instead of dying tomorrow the people would live until the next day. Members of Council thought the proposition of Mr. Gray fair enough.

The estimate of Mr. Gray as to probable cost of the battery of wells is not taken by the Council to be any of the waterworks question. He realized that Mr. Gray purposely over-shot the mark in his estimate because had given a more accurate picture of what it would cost to be a client in the hands of any competitors who might desire to enter a bid. So the Councilman believe that the wells and air pump system both can be secured for less than \$50,000.

Demands Some Remedy. W. P. Mangum Turner, Esq., came in toward the close of the discussion on the waterworks question. He inquired of Council as a citizen of Wilmington whether anything is being done by the city to give the people better water than it appears they have been getting.

Mayor Moore answered by saying that Councilman Wood had been instructed by the Council to go about the improvements that had been recommended by the chemist and that everything possible of a temporary nature would be done to improve the water supply. Nothing very permanent will be done now until the question is finally settled, which may be in the next few weeks. Councilman Rogers also remarked that something is being done to improve the water supply.

The PEOPLE'S SAVINGS BANK

Corner Front and Princess Streets

Your Income Tax

Your income tax problem is possibly causing you serious thought, owing to the necessarily complex character of the new income tax law, added to the fact that every person subject to the tax is obliged to make an accurate report of his net income.

With a view of confidentially advising with and assisting those desiring to avail themselves of our services, we will be glad to have you submit your own individual problem to our officers.

The Wilmington Savings & Trust Co.

Resources, over 110 PRINCESS STREET. \$2,400,000

In case it is necessary for any of it to be used. "I think," said Mr. Turner, "that the people of Wilmington ought to know if the water is so bad that it is not fit for sailors who visit this port on vessels; I think that if it is so bad that its use on inter-State trains has been forbidden by the government that it does look like something should be done to remedy the conditions, and the people of Wilmington, those who live here and are citizens, are entitled to just as much consideration as the sailors and passengers on inter-State trains—the citizens of Wilmington should know, they should be kept posted by city or health department, of the condition of the public water supply. I take it that no one here will doubt the importance of this. It may be argued that the information should not be given out because of the unfavorable publicity it would give to the city; but, gentlemen, the information is being given out through other channels and is reaching the very people that one might want to keep the facts from. The large hall has been passing through on trains are protected and the people who live here are not."

Mayor Moore and Councilman Loughlin both interposed here that the health department gave notice some weeks ago of the condition of the water, and the notice had never been recalled.

Mr. Turner maintained that this was not sufficient, stating that as late as November 1st letters had been sent out from official sources to some telling of the condition of the water, but yet this information was not given the general public of Wilmington.

Mr. Turner stated further that he was certain that if the ladies who were present with regard to the sidewalk ordinance had any idea of the true condition of the Wilmington water supply they would be before the Council urging that something be done to give relief in this respect as well as to urge that the sidewalks be kept clear of obstructions.

Mayor Moore told Mr. Turner that the Council was going to have a meeting Monday morning at which time the water question would be gone into quite thoroughly, that if he desired the board would hear from him at that time. Mr. Turner accepted the invitation. The discussion was started again and Mayor Moore again reminded Mr. Turner that he could air his grievances at the special meeting. Mayor Moore then called for the next matter to be taken up.

Inferring that he was being "choked off" so to speak, Mr. Turner said that he was present at that time as a citizen, that he was entitled to be heard if he desired to discuss any question before the body; that if he could not get a hearing at the hands

of the Council he would get a hearing on the question in the courts. Previously, he had stated that the Council should be prevented by the courts from expending any more money in an effort to get the water supply from the river, as it had been shown that it was impossible to get pure water from this source.

The meeting Monday will be held at 10 o'clock and it is expected that some definite action will be taken at that time. Some members of Council and Mayor Moore favor the idea of getting a water expert, possibly a United States government expert, to come to Wilmington, make an investigation and advise the board as to the best course to follow. Other members say that it would be a waste of money as the deep well proposition is the only one worthy of consideration.

REMINGTON UMC

World's Gallery Record—2484 ex 2500 Made with Remington-UMC .22 Metallics

YOU are shooting a .22 calibre rifle. You want accuracy, sure fire, penetration just as much as if you were shooting a high power .30 or .32.

Be sure to get the Remington-UMC .22's—made with the same care, from the same tested materials, as the heaviest big game cartridges. They are right.

Remington-UMC .22's cost you no more than ordinary cartridges. Just ask for Remington-UMC—and see that every box of .22's you buy bears the Red Ball Remington mark.

22 Shorts, 22 Longs, 22 Long Rifle—Black, Smokeless and Lesmok Powders. For special killing power—get .22's with hollow point bullets. Find the Remington-UMC dealer in this community.

Remington Arms-Union Metallic Cartridge Co. 299 Broadway New York

FOR SALE

We will receive until Nov. 8th bids for the Cape Fear Club Building, corner Front and Chestnut streets. On that day we will sell the building, to be removed by Dec. 5th, to the highest bidder. Reserving the right to reject all bids.

A SKATING RINK. Opens in Woolwin Building, Third Floor, Tomorrow Night.

A skating rink will be opened on the third floor of the Woolwin building tomorrow night, and will be open every afternoon and night throughout the winter. The large hall has been thoroughly prepared with gum flooring, and furnishes 400 square feet of skating surface. The rink will open every afternoon from 3 to 6 o'clock, and the evenings will be open after 7:30, the admissions being especially for the children, no children under 12 years of age being admitted at night. An advertisement elsewhere in today's paper gives the prices that will be charged.

The Murchison National Bank

SOCIAL & PERSONAL

Miss Jane Bell, of Washington, D. C., is visiting her sister, Mrs. W. E. Etheridge, at Carolina Heights.

The ladies of Sorosis announce that the Cape Fear Grocery Company has offered to give a half barrel of flour for the best bread made of the bread of flour sold by the firm.

The regular monthly meeting of the W. C. T. U., will be held this afternoon at 4 o'clock in the lecture room of the First Baptist church. A full attendance of all the members is desired.

The business meeting of the Philanthropic Class of the First Baptist church which was announced to be held this evening at the home of Miss Florence Whitney has been postponed until tomorrow evening at 8 o'clock.

The regular monthly meeting of North Carolina Sorosis will be held this afternoon at 4 o'clock in the club room of the Masonic Temple. A meeting of the executive committee will be held at the same place at 3:30 o'clock. As this is the last meeting before the New Hanover Fine Arts and Industrial Exhibit, which will be held next week, it is important that all the members attend.

The Church Aid Society of St. Andrew's Presbyterian church will give a reception tomorrow night to the congregation and friends and the public is most cordially invited to attend. The primary object of the reception is to give the new members an opportunity of meeting the old members of the congregation. The hours will be from 8:30 to 11 o'clock and the reception will be in Memorial Hall.

PERSONAL PARAGRAPHS.

—Mr. J. C. Pickens was in the city yesterday, a guest at The Orton.

—Mr. Frank Thompson, of Jacksonville, was among those registered at The Orton yesterday.

—Mr. T. Q. Hall, of Wallace, was among the visitors in the city yesterday.

—Mr. G. K. Messick, of Southport, was among those registered at The Orton yesterday.

—Messrs. E. A. Hawes and T. A. Smith, of Atkinson, were guests at The Orton yesterday.

—Mr. Thos. E. Hughes, of Southport, was a visitor in the city yesterday, a guest at The Orton.

—Solicitor Homer L. Lyon, of Whiteville, was a guest at The Orton last night. He came down from Burgaw, where he is attending the criminal term of Superior Court, and will return this morning.

OFFICERS ARE ELECTED.

Enthusiastic Meeting of the Housewives' League Yesterday.

Officers were elected yesterday afternoon for the new Housewives' League at an enthusiastic meeting of the members which was held at 4 o'clock in the assembly room of the Y. M. C. A. The meeting was attended by a large number of the women of the city. There were 35 new charter members enrolled, and the new organization begins its work under most auspicious circumstances. Even before its formal organization it has secured a victory for the principles for which it stands in having the Council to re-instate the sidewalk ordinance.

The officers elected yesterday afternoon to serve for the ensuing year are as follows: Mrs. William Lattimer, president; Mrs. J. W. Yates, vice president; Mrs. G. H. Croon, corresponding secretary; Mrs. C. L. Meister, recording secretary; Mrs. E. L. Prince, treasurer; Mrs. W. W. Koch, auditor. The executive committee is composed of the president and corresponding secretary as ex-officio members and Mrs. M. P. H. Goussier, Mrs. J. G. Barantene, and Mrs. C. T. Nesbitt.

A large number of merchants, who handle foodstuffs, sent assurances to the league that they will be willing to co-operate with the new organization in its purpose to protect the people of the city in getting wholesome foods, and that they will be pleased to have their places of business inspected by members of the association. They also expressed the hope that the system of grading which is being used in other cities will also be inaugurated here.

The next meeting of the league will be held Monday afternoon at 4 o'clock, the place to be announced later.

The following editorial squib from yesterday's Raleigh News and Observer will be of interest in this connection:

"Wilmington is finding out wherein a 'housewife's league' can be of great use to a city. The housewives' leagues are doing much good in North Carolina and are destined to do still more. Keep up the good work, ladies."

FINE CONCERT TONIGHT.

Apollo Concert Company Will Give Entertainment at St. Andrew's.

The Apollo Concert Company, composed of three men and two women, will give the second entertainment in the Lyceum Theatre under the auspices of the Brotherhood of St. Andrew's Presbyterian church in the memorial annex of the church tonight beginning at 8:30 o'clock. This is the second visit of this splendid company of musical entertainers to Wilmington, and they will no doubt be heard by a large audience.

While they play on many different kinds of musical instruments they are not by any means a novelty company, but furnish an entertainment that is high class in every detail. A special feature will be the playing of the Apollophone, an instrument originated by members of the club. The instrument was used for the first time last season. The music will all be of a popular form, played on instruments that are favorites and by performers who have many years of experience. The public is assured of an evening of enjoyment and pleasure.

The admission will be 75 cents this evening. Those desiring to secure tickets for the season, entitling them to admission to the six entertainments can get them for \$2.25. All the numbers in the course have been carefully selected by the management, and are first class in every particular.

Commercial Club Banner. A mammoth banner with an inscription in large letters calling on Wilmington business men to join the Commercial Club and help boost Wilmington has been placed across Front street in front of the Masonic Temple by Mr. H. T. Bauman, assistant secretary of the club. The temporary office of the club is in the Masonic Temple and is in charge of Mr. Bauman. An active campaign for new members is being pushed, and many new members have been secured within the last few days. It is the aim of the promoters to secure at least 500 by December 1st.

KEEP SIDEWALKS CLEAR

(Continued from Page Five.)

struction of the proposed new bridge over its tracks on Fourth street. After reading the budget from the health department for the remaining seven months of the fiscal year it was decided to hold a conference at 3 o'clock in the afternoon to take up the question, reference to which is made in another column.

Councilman Wood said that he hoped to have ready for the next meeting detailed statement of the water-works departments showing just what is being done. He referred to the editorial squib in The Star Tuesday morning relative to the lack of economy and efficiency in the management of some of the public utilities, and said that the statement he is preparing will show that the department is successfully operated.

Work on the Streets.

The report of Mr. J. C. McAllister, superintendent of streets, for the month of October follows:

"Cleaned all improved streets twice a week and Red Cross from Fourth to cemetery gate every Saturday afternoon. Delivered 81 loads of street sweepings to Mr. Geo. Huttaff at 25 cents per load, total \$20.25. Cleaned all alleys downtown districts weekly. Removed dirt and trash from the following streets: Hanover and Brunswick from Nutt to Fourth; Campbell from Third to Fifth; Walnut from Second to Seventh; Grace from Second to Ninth; Dock to Second from Orange to Red Cross.

"Culverted weeds in streets and alleys from Ann Princess, 10th to 17th. Patched the following streets: Wright from Third to Fourth; Castle, 10th and 11th; Castle between 12th and 13th.

"During every wet spell the bridge at 14th and Castle gives me considerable trouble, and without constant attention cannot be kept in safe condition and I would suggest that some permanent improvement be made.

Have also patched Market, between Third and Fourth, have hauled 2634 pavement from Clyde Line docks to Front and Red Cross streets, have removed half of old Belgian blocks from Front streets between Red Cross and Campbell and we are also grading this block preparatory to paving same. Have finished grading spur track at city stables. Cleaned Hanson aboch from Front to river. Built manhole and have laid 110 feet of 15-inch pipe on Chesnut from Water street to river. Put in 62 feet of 10-inch pipe at 10th and Market to drain property on southwest corner. Re-laid 295 feet of 15-inch pipe on Princess street between Ninth and 10th. Cleaned all drains and repaired all washouts during bad weather. Delivered the following loads to the incinerator: 210 wagon loads of trash, 205 carts, 145 dump carts, 60 loads of slop, total 1,220 loads, and answered 269 calls for carriage. Also removed five dead horses. Sold slop to the amount of \$28 and used \$3 of same for medicine."

Sanitary Department.

Mr. Jas. E. Holton, who has charge of the sanitary work, reported that the scavenging work done in October amounted to \$826.60, and the collections amounted to \$805.05. The expenses exceeded the receipts by about \$200, due to repairs of equipment as follows: Rebuilding one wagon on \$57.50; repairs to other wagons, carts and harness \$113; repairs to carts \$9.

The concluding paragraphs of the report are as follows:

"Having had two months' experience with this work, I feel that it could be made self-sustaining if each closed was inspected and reported at least once a month (the law requires that they shall be cleaned every two weeks, or more if necessary) and we have no more extraordinary expense for repairs. All work has been done at night and we have received very few complaints.

"The clerical work attached to this work keeps me busy at nights and Sundays and I respectfully ask that I be allowed to hire some one at a nominal salary to assist me with this part of the work. Being relieved of part of this work I could follow the wagon men closely at night and get better results at less expense."

The Council decided to allow Mr. Holton to employ some one to aid in the clerical work.

MAY ORGANIZE Y. W. C. A.

Miss Stikeweather, Field Secretary, Will Visit Wilmington.

Miss Stikeweather, of Charlotte, field secretary of the Young Women's Christian Association, will be in Wilmington this week in this month to make an investigation of conditions with a view to organizing a branch of the association here. She has been invited by a number of the women of Sorosis who feel that the time is ripe for forming an organization which will serve the young women of the city in the same way that the Young Men's Christian Association does the young men and boys.

The Y. W. C. A. has grown rapidly in this State in the last few years and has been the means of accomplishing untold good. Those interested in the movement believe that the same work should be undertaken for the young women of this city. Other cities not so large as Wilmington have organized branches, and they have proven to be most successful in promoting the general welfare of the young women.

Miss Stikeweather is now in Roanoke, Va., where she is organizing a branch of the Y. W. C. A. As soon as she completes this work she will come to Wilmington to spend several weeks. As a result of her visit it is hoped to launch a campaign that will secure a Y. W. C. A. for this city.

WANTS INVESTIGATION.

Contracts for New Haven Postoffice Given to High Bidder.

Washington, Nov. 5.—Representative Cary, Republican, of Wisconsin, today asked the House to investigate the awards of contracts for the New Haven postoffice and conferred with President Wilson and Secretary McAdoo about it. Mr. Cary claims the contract was given to a Philadelphia concern which bid higher than some others. The Treasury awarded the contract upon advice of former President Taft, who asked that the building be constructed of a certain kind of marble.

LOCAL DOTS.

—C. W. Polvogt & Co., had attachment papers issued yesterday in Justice Harris' court for an alleged debt of \$134.98 due them by Gussie Greer. The property is household goods.

—The tool bag and number plate on the county motorcycle were lost yesterday and Sheriff Cowan asks that the finder return them to his office. The number on the plate is 124. Sheriff Cowan stated that recently a number belonging to an automobile was picked up on the county roads and that the owner can have same by calling at his office.

—T. D. Skipper, white, had a hearing before Justice Fowler yesterday on a charge of assaulting Mrs. Suggs at a boarding house on North Front street. He drank too much ginger or some other concoction, it is charged, and wandering into the house ran against or fell against Mrs. Suggs. Probable cause was found, and in default of bond in the sum of \$50 he went to jail to await a hearing before the Recorder this morning.

MAIL ADDRESSED IMPROPERLY.

Incomplete Addresses Cause Frequent Delays in Delivering Letters.

Postmaster Green stated yesterday that frequent delay in delivering mail is caused by the growing evil of incompletely and improperly addressing mail matter. It often happens, he said, that it is impossible to deliver a letter because of the omission of an important part of the address, such as the street number or room number when addressed to an office building. Sometimes the name of the street is omitted, only the name of the postoffice and State being given.

Another source of trouble is the practice of giving an address at the intersection of two streets without giving the location of the corner, for in many of the larger cities a number of carriers' routes may terminate at that point or it may be the dividing line between the respective territories of the main postoffice and a station. Again mail is often delayed by letters that are sent to people named Smith or Jones when only one initial is given. There may, for instance, be several John Smiths getting their mail through the general delivery. It is always best to give the name and the middle initial, if there is any.

Mr. Green says that the increasing carelessness on the part of the public in addressing their mail is no doubt aided and abetted by the practice of the Postoffice Department in supplying deficient addresses and also by the exploitation in the advertising of the ability of some clerks to decipher "freak" addresses. It is, however, the purpose of the department to begin an active campaign for more legible and clearer addresses.

SEABOARD DAIRYING INTEREST.

Agricultural Agent Taking Active Steps in Developing Industry.

It will be of interest to many people to know that the Seaboard Air Line Railway through its agricultural agent, Mr. H. T. Prosser, with headquarters at Hamlet, N. C., is doing much in the territory between Wilmington and Hamlet in developing the dairying interests along the company's lines. Mr. Prosser encloses a Seaboard tariff showing barge rates for shipping milk and cream to Washington, D. C., the rate for five-gallon cans from all points named being 27 cents; 38 cents for 7 1/2-gallon cans, and 43 cents for 10-gallon cans, with ample provision for return.

The Seaboard names these rates from the points indicated to encourage the farmers to begin this very profitable line of agriculture and dairying. Prosser writes that as soon as the industry is developed and as soon as they can get a creamery or butter making plant established in Wilmington, the company will return the Washington rates around so that farmers may ship to the Wilmington plant. Mr. Prosser concludes a very interesting letter on the subject as follows:

"The development of this industry through North Carolina will provide a lasting return for many of the farmers and livestock raisers. These things mean put more money in circulation, and will help to bring up the soil fertility—that which produces food and clothing for the world. These things mean better conditions for the farmer and the enhancement of the values of farm lands.

"Feeling that you will be interested in this very important move and that you fully appreciate the value and importance of educating and encouraging our farmers along the line of dairying and stock raising, I would ask that you give what space you can to this subject in your splendid paper."

GOOD ROADS DAY.

Castle Haynes Citizens Observe Day—Wilmington Didn't Turn Out.

Reports from Castle Haynes last night stated that the citizens of that section made the dirt fly yesterday in their observance of the day set apart by Governor Craig for building better roads. They will continue the work today, and when the sun goes down tonight they will have completed a splendid amount of road building that will be a credit to the community. Other sections of the county are also celebrating by shovelling dirt.

Wilmington, however, failed to avince much enthusiasm. The cause, it was at first planned to have some sort of celebration but the enthusiasm of the promoters weakened and the matter was finally given up. While there are many roads in this vicinity that need improving the people of this city have not yet become sufficiently interested to shoulder pick and shovel and undertake the job.

One of the principal by-products of the National forests of Japan is furnished by mushrooms. Those who have yielded in one year a revenue of a million dollars.

Xmas Warning

It is only a short time off. Now is the time to begin on that "FANCY WORK" you intend for a present.

You will find in our ART DEPARTMENT all kinds of Columbia Yarns for knitting, in Eiderdown Wool, Germantown Floss and Saxony, in all shades.

CLAY GRAVEL ROAD.

Sealed proposals for paving will be received by the Councilman of Streets and Wharves at the City Hall, Wilmington, N. C., up to noon, November 7th, 1913, and will then be opened and publicly read. They shall be addressed to B. A. Merritt, Councilman of Streets and Wharves, and endorsed "Proposal to Pave With Clay Gravel."

The work for which proposals are asked will consist of building Clay Gravel Road in the City of Wilmington, and will amount to approximately 1,800 square yards, but the right is reserved to increase or diminish this amount. Each proposal must be accompanied by a certified check in the sum of \$50.00, made payable to the Mayor of the City of Wilmington. Specifications may be obtained at the office of the City Engineer. The right is reserved to reject any and all bids.

B. A. MERRITT, Councilman.

F. F. Pillet, City Engineer.

COTTON MARKET GOES UP WHEAT SUFFERED DECLINE GENERAL ADVANCE IN STOCKS

Only Moderately Active But Prices Rule Higher on Reports of Small Ginning Returns and Talk of Steadier Markets.

New York, Nov. 5.—The cotton market was only moderately active today, but prices ruled higher on reports of small ginning returns and talk of steadier market.

Liverpool made a steady showing over the local holiday, but the local market seemed to be somewhat unsettled at the start, and after opening at an advance of 2 points to a decline of 2 points sold 2 or 3 points under the closing figures of last night. Prices soon turned up, however, on private cables, attributing the strength of Liverpool to a good trade demand, and rumors that the National Ginner's Association made the ginning to November 1 only 3,000,000 bales. After selling about 10 to 14 points higher, the market reacted slightly, but turned stronger again after midday, on reports that a Memphis authority estimated the ginning at 8,000,000 bales.

The advance was also encouraged by reports that the interior spot market was firmer, owing to a better foreign demand and closing prices were within 2 or 3 points of the best. New Orleans was freed with selling here early, but New Orleans and Memphis were reported to be buying later in the day, and while spot houses were sellers of December they appeared to be buying the spring months. Wall street houses were buyers on the afternoon advance, but commission houses were not particularly active and the trading was supposed to be chiefly local.

Spot, quiet; middling uplands, 14.00; do. Gulf, 14.25. No sales. Cotton futures closed steady.

Month: Open, High, Low, Close.

TROOPS ARE ORDERED TO MEXICAN FRONTIER

(Continued from Page One.)

mediate statements regarding the facilities they could furnish for movement of troops.

Exchange Only. The army general staff office it was said that the only preparations for troop movements being made were those for exchanges of posts previously announced.

Keeps Hands Off.

Paris, Nov. 5.—The French foreign office was asked informally today by the Mexican foreign office if it was disposed to mediate between the United States and Mexico. The French government has taken the attitude that it will do nothing until further advised as to the policy of the United States towards Mexico, and then nothing which might be unwelcome.

Deplorable Intervention.

Nogales, Sonora, Nov. 5.—At the request of General Venustiano Carranza, the constitutional chief, Dr. Henry Allen Tupper, of the International Peace Forum, telegraphed Secretary of State Bryan today as follows:

"Carranza makes only this request: that our government permit the free importation into Mexico of arms and equipment. He gives positive assurance under these circumstances of speedy peace and stable constitutional government and he deplorable intervention as a grave and disastrous mistake."

General Carranza is waiting here in the belief that he will be visited soon by William Bayard Hale, an unofficial representative of the Washington administration. A report has reached Nogales that Mr. Hale is on his way from Washington in company of Perez Romero, agent of the constitutionalists.

Rumors in Error.

Washington, Nov. 5.—Senator Perez Romero said tonight that he knew nothing of any intended visit of Mr. Hale in his company to Sonora.

Persistent rumors have been reaching here from border points that Mr. Hale was en route south, but government officials declared no envoys were being sent to the constitutionalists, and denied knowing of any such whereabouts. It is understood, on the other hand, that the constitutionalists always have found unofficial means here of communicating their views to Washington officials.

Vera Cruz, Nov. 5.—The German cruiser Hertha sailed from here this afternoon. The only foreign warships now in port are five United States battleships and two United States cruisers.

From Eagle Pass.

Eagle Pass, Texas, Nov. 5.—Constitutionalist forces are closing in on Piedras Negras, Mexico, and tonight Mexican government troops are fighting on their arms in anticipation of an attack. Early tonight the advancing constitutionalists were reported within five miles of their former provisional capital, abandoned to the Federals several weeks ago.

No Epidemic.

San Diego, Cal., Nov. 5.—There were no indications of a disease epidemic at Guaymas when the United States navy collier Nanshan left the Mexican port a short time ago. The Nanshan arrived here today enroute to San Francisco.

San Francisco, Nov. 5.—The control of the city when he sailed. The collier brought three American refugees.

Huerta Issues Decree.

Mexico City, Nov. 5.—President Huerta by decree today made silver 50 cent pieces legal tender, as well as the bank notes of the Bank of London and the National Bank. Branches of these banks are also authorized to put out their own bank notes.

It is specified that while a metal reserve will be retained by the bank, the notes shall not be redeemed in specie for one year. The decree further states that this has been rendered necessary because of the high rate of exchange and the resultant tendency of the public to melt down silver pesos, which contain more than twice the amount of metal contained in the 50 cent piece.

Fletcher Transfers.

Vera Cruz, Nov. 5.—Admiral Fletcher today transferred his quarters to the battleship Rhode Island, Read Admiral Boush taking command of the Louisiana. The Louisiana will sail at an early date for Tampico. The members of the special Mexican mission to Japan, recently placed under arrest, will be taken to Mexico City tomorrow under a heavy guard.

Arm Tugs With Guns.

Norfolk, Va., Nov. 5.—Orders have been received here to install guns on the navy tugs Patuxent and Patuxent. The two tugs were ordered to San Francisco, which is also being prepared for service, are to be sent to Pensacola without delay. They will be held at the Florida port until they receive further orders from Washington.

Vera Cruz, Nov. 5.—Reports reached here tonight that the revolutionists are seriously threatening Chihuahua and also that the attack on Monterey has been renewed in force.

Words From Dead Man.

Havana, Nov. 5.—Manuel Caceres, candidate of the Liberal party at the recent Presidential elections in Mexico, arrived here today on the steamer Corcovado, accompanied by his two daughters. He is on his way to the United States, but says he expects to return to Mexico within a month.

Senator Caceres declared, according to the abnormal conditions in this country, he had retired from the political field and would make no statement regarding the elections, except to express the opinion that they would be annulled.

Cortes Dominguez, a brother of Senator Dominguez, who made a speech in the Mexican Senate attacking President Huerta and later mysteriously disappeared, was a passenger on the Corcovado. Senator Dominguez gave out a pamphlet, entitled "Words from a Dead Man." The pamphlet contains strong charges against General Huerta.

STOCKHOLDERS' MEETING.

Twenty-two Thousand Will be Represented at Election.

Lexington, Ky., Nov. 5.—Stockholders of the Burley Tobacco Company to the number of 22,000 will be represented at an election of directors to be held here tomorrow afternoon, under an order of court. It is expected there will be 5,000 proxy holders present.

The company is an offspring of an organization of tobacco poolers and a contest is said to be on for its control. Opposing interests will present tickets tomorrow, nominating committees having been named tonight.

Charlotte, N. C., Nov. 5.—The board of governors of the American Cotton Manufacturers' Association met here today and decided to hold the next annual convention at New York May 26th and 27th, 1914.

MORE POLITICAL GOSSIP.

Hon. J. A. Brown May Run Against Mr. Godwin—Bailey.

(Special Star Telegram.) Washington, D. C., Nov. 5.—A close friend of Joseph A. Brown, of Chabourn, made the positive statement here today that the Chabourn man would be a candidate for Congress against Representative Godwin next year. This man, who did not desire his name mentioned at this time, said that he talked with Mr. Brown last night in the hotel lobby and that Mr. Brown told him that he would certainly make the race against the Sixth District Congressman.

Early last week your correspondent was told that Mr. Brown desired an appointment with the Federal government and that he would be in Washington Monday to discuss his friends in his behalf. Mr. Brown was here Monday and held conferences with Senators Overman and Simmons. Mr. Brown was closeted with the Senator for over an hour and after he left the office it was stated that the Chabourn man wanted to be a deputy under the Collector of Internal Revenue of North Carolina.

Like to be appointed to a good berth under the Agricultural Department. The sudden change from a search for an office to a search for a position, unless Mr. Brown did not meet with much encouragement in his quest. Collector Josiah Bailey, of Raleigh, is here and before he leaves tomorrow night it is believed he will submit a number of names for appointment in the revenue service. Mr. Bailey did not see Commissioner O'Connell today, but will call early tomorrow "special day," said Collector Bailey, "reading books, one on the high cost of living and the other on English taxation. One of the volumes found in Senator Simmons' office and the other at the Congressional Library. Both were interesting. Collector Bailey said that efficiency would be foremost in selecting his help. He does not want men that cannot 'deliver the goods,' and will not have them."

P. R. A.

STATE RESTS CASE.

In Trial Against Attorney David Donahoe, Nov. 5.—The State today rested its case against Attorney Daniel Donahoe and Detective Isaac Stiefel, charged with having conspired to defame Clarence S. Funk.

Funk took the witness stand and declared that he never saw Mrs. John C. Henningsen, testified in the trial. Funk disclosed what the State alleged to be a motive for the attacks on Funk by repeating a portion of his testimony in the Lorimer Senatorial case.

The court would not allow Mr. Funk to testify that he had been watched by detectives, one of whom told him that he was employed by Edward Hines.

The names of Hines and Lorimer were brought in when Funk reiterated his statement before the Lorimer investigating committee of the Senate that Hines had asked him for \$10,000 toward a \$100,000 fund that had been used to "put Lorimer over," as United States Senator.

Investigation was begun today of an alleged attempt to tamper with the jury. It was reported to Judge Pam that a man had stood near an airshaft opposite the jury's hotel apartments and had tried to attract their attention.

INVITATIONS SENT OUT.

Four Hundred Cards Are Issued for White House Wedding.

Washington, Nov. 5.—White House messengers were busy today distributing invitations to the wedding on November 25th of Miss Jessie Wilson and Francis Boyce Sayre. About 400 invitations were sent out, approximately 250 of them being directed to residents of Washington, the local invitations were delivered by messengers from the White House, while the others were mailed.

The invitation list necessarily is limited to the capacity of the East Room, where the wedding will take place. The ambassadors and ministers in the diplomatic corps, members of the cabinet, and Supreme Court of the United States and prominent officials constitute the greater part of the invitation list, though many personal friends of both Mr. Wilson and Sayre families are coming from various parts of the country.

PANKHURST STILL IN CHICAGO.

Saw Fifteen Thousand Women Vote in Option Elections.

Chicago, Nov. 5.—Mrs. Emmeline Pankhurst today expressed pleasure at the attitude and activity of women at the option election yesterday in Southern Illinois. About 15,000 women to the polls and nearly 80 per cent of them voted against the saloon.

It means that it is only a question of time when women will drive the liquor traffic from the State," Mrs. Pankhurst said.

PLENTY OF HELP.

Former Eli Players Assist Coach With Football Team.

New Haven, Conn., Nov. 5.—Nineteen former Eli football players flocked to Yale field today and assisted Head Coach Jones in coaching the "varsity" eleven. After a two days' rest there was a scrimmage today, the "varsity" scoring two touchdowns against the freshmen. There was plenty of drive in the varsity attack and the defensive work showed improvement.

TO CREMATE BODY.

Remains of Prince Collier, American Author, to be Buried.

Copenhagen, Nov. 5.—The body of Prince Collier, the American author, whose death occurred Monday at Wedsberg Castle, was brought here tonight accompanied by Mrs. Collier and her son, Warren E. D. Robbins. According to Mr. Robbins, his stepfather had expressed a desire that his body be cremated. The cremation will take place at Copenhagen.

ARRIVE OFF PORTUGUESE.

American Navy Go Through Straits of Gibraltar Tonight.

On Board the U. S. Battleship Wyoming, Nov. 5.—The American fleet of the United States battleship fleet arrived off the Portuguese coast today and it is understood they will enter the Straits of Gibraltar tomorrow at midnight. The fleet will be divided into several detachments at Gibraltar each being detailed to visit various ports.

WHITE SOX WON.

Defeated New York Ten to Seven at El Paso, Texas, Nov. 5.—The Chicago Americans defeated the New York Nationals 10 to 7 here today. Mathewson pitched the opening inning for New York, and was succeeded by Hearne.

Chicago 320 000 50x-10 15 2 New York 020 100 103-7 10 7 Scott and Schalk, 7-10 7; Mathewson and Hearne, 1-10 7.

CORRECT ELECTION FIGURES

(Continued from Page One.)

crat, beat his Progressive opponent by about 4,700 votes. In the State the only "upset" came in Breathitt county, where a Republican ticket won.

Tammany Defiant. New York, Nov. 5.—On the basis of incomplete returns it was estimated that the next State Assembly will be composed of 55 Republicans, 17 Progressives and 48 Democrats. Many of the latter were said to be men of progressive or independent tendencies.

The election of Willard Bartlett, Democrat and Independent League, as chief judge of the State Court of Appeals, was conceded today at Republican State headquarters. It was estimated that he had beaten William E. Werner, Republican, by a plurality of 7,000.

Frank H. Cook, Republican and Independent League candidate, for associate judge of the same court, was elected by a safe margin.

Edward E. McCall, the defeated Tammany majority candidate, has gone to Hot Springs, Va., for a rest, according to an announcement made by one of his campaign managers today. All attempts by newspaper men to see him here have either last night or early today were frustrated.

"There will be another day," said Charles F. Murphy this afternoon at Tammany Hall.

"Are you going to resign?" he was asked.

"Who said so?" retorted the Tammany leader.

"Do you consider Tammany Hall destroyed?"

"It is still here," was his answer.

Election in Doubt. Cohoes, N. Y., Nov. 5.—The city of Cohoes is without a mayor-elect officially and the ballot boxes in three election districts were guarded by police and deputy sheriffs.

Porters of James J. Perkins, Republican candidate, claim his election by a plurality of three votes. T. Francis Kennedy, Democratic nominee, claims he is elected by five votes. The court will determine the validity of the contested ballots.

WINE MAKERS GATHER.

Discuss Recent Rulings of Department of Agriculture.

Washington, Nov. 5.—Wine makers and grape growers from California, Ohio, Missouri, Virginia and other States had a hearing here today on two recent decisions of the Department of Agriculture.

One requires the label to state whether the wine contains any substance other than fermented grape juice. The other prevents Ohio and Missouri manufacturers from using sugar without indicating its presence on the label.

L. J. Vance, of New York, spoke for the New York, New Jersey and Virginia wine makers. Secretary Houston presided and Chief Chemist Alsborg and the other members of the pure food board were present.

The wine men agreed there should be no regulation to prevent adulteration of wines, but they held the present decisions were faulty from a practical point of view.

GLOWING TRIBUTE.

To Memory of Frances E. Willard, Founder of W. C. T. U.

Asbury Park, N. J., Nov. 5.—A glowing tribute to the memory of Frances E. Willard, founder of the Woman's Christian Temperance Union, and messages from all parts of the country by national lecturers, working in the interests of national prohibition, marked the closing session today of the national convention of the union.

Mrs. Cora Seaberry, of New York, in speaking of the work accomplished by Miss Willard, declared that "the mother instinct does not need the actual physical act of motherhood for its creation; it is in every true woman, and will take care to do its duty for Frances E. Willard, for she mothered the world."

The women of the Illinois delegation were led by Mrs. Margaret Dye Ellis, of New Jersey, to use their influence with Representative Mann in the interest of a National Prohibition bill.

Boston, Mass., Nov. 5.—After a few days' spent here, the British ambassador, Sir Cecil Arthur Spring-Rice, left tonight for Washington. The ambassador has improved in health recently.

Port Aransas, Texas, Nov. 5.—Yesterday's reports that the yacht Waviva aground near here, was in great distress, exaggerated the situation. Unless weather sets in, the vessel is in no danger. The Waviva is a Huasteca Petroleum Company boat carrying no passengers.

Here's a Cure For Sciatica

Painful Form of Rheumatism Quickly Overcome.

These sharp darting pains that characterize sciatic rheumatism should be treated in the blood. And by using S. S. S. you not only get relief, but cure.

S. S. S. has the peculiar action of soaking through the intestines directly into the blood. In five days its influence is at work in every artery, vein, and tiny capillary. Every member, every organ of the body, every member of your blood is affected. It strains the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys and bladder to all work to the end of expelling out every impurity. It dislodges the poisons that have accumulated in the joints, renders them pliant and restores the normal formations in the nerve centers that cause such mystifying and often baffling rheumatism.

And best of all, this remarkable remedy is welcome to the weakest stomach. If your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, taken naturally into your blood just as pure air is inhaled naturally into your lungs.

You can get S. S. S. at any drug store. S. S. S. is a standard remedy, recognized everywhere as the greatest blood purifier ever discovered. If yours is a peculiar case, you desire special information, write to The S. S. S. Co., 221 Swift Bldg., Atlanta, Ga.

SYLVESTER MAN ELECTED

To Fill Unexpired Term of Late Congressman Roddenberry.

Albany, Ga., Nov. 5.—Returns early tonight indicated that Frank Parks, of Sylvester, Ga., has been elected Representative in Congress for the Second district to complete the unexpired term of the late Congressman S. A. Roddenberry. Returns from eight counties in the district gave Judge Parks a lead over Roscoe Luke, who is running second, of over 800 votes. W. A. Covington, of Moultrie, is third candidate. All three candidates are Democrats.

REFERENDUM ELECTION.

Wets and Drys Split Even—All Enactments Carried.

Portland, Ore., Nov. 5.—Yesterday's complete returns from this State show that all legislative enactments referred to the voters were approved with the exception of the bill providing for the sterilization of habitual criminals. The "wets" and "drys" divided evenly on the subject, while the State capital, went "dry" by a narrow margin.

NEW ADVERTISEMENTS.

Blim-Motion Pictures.
